

CCL ROACH & ANT KILLER I

Front Panel

Chlorpyrifos Pressurized Residual Spray with Synergized D-TRANS Allethrin

For Use in Homes and Food and Non-Food Areas of Kennels, Commercial Buildings: Warehouses, Theatres, Office Buildings, Schools, Motels, Hotels, Restaurants and Food Processing Facilities.

ACTIVE INGREDIENTS:

D-Trans Allethrin (allyl homolog of Cinerin I)	0.050%
*Piperonyl Butoxide, Technical	0.100%
1-N-Octyl bicycloheptene dicarboximide	0.166%
**Chlorpyrifos (O,O-diethyl O-(3,5,6-trichloro-2-pyridyl) phosphorothioate)	0.500%

INERT INGREDIENTS:

99.184%

*Equivalent to .08% (butylcarbityl) (6-propylpiperonyl) ether and .02% related compounds

1-MGK-264, Insecticide Synergist

**U.S. Patent No. 3,244,586 - Dow Chemical Company

CAUTION

KEEP OUT REACH OF CHILDREN

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.

IF ON SKIN: Remove contaminated clothing. Wash skin with soap and warm water. Get medical attention if irritation persists.

IF INHALED: Remove to fresh air if effects occur, and call physician.

IF SWALLOWED:

If swallowed: Do not induce vomiting because of possible hazard. Call a physician immediately.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

May be fatal if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

NOTE TO PHYSICIAN: Chlorpyrifos is a cholinesterase inhibitor.

Treat symptomatically. Atropine is an antidote.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food processing equipment during application. Do not apply while food processing is underway. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying.

Physical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures 130°F may cause bursting.

DIRECTIONS FOR USE

It is violation of Federal law to use this product in a manner inconsistent with its labelling.

Storage and Disposal

Storage: Store in a cool area away from heat or open flame.

Disposal: "Do not contaminate water, food, or feed by storage or disposal."
"Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility." "Wrap container and put in trash collection."

General: Use this product as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas and other insects listed below. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

SPOT TREATMENT

To Kill Ants, Roaches, Crickets, Silverfish, Sowbugs, Spiders and Earwigs:
Spray into cracks, crevices, around baseboards, and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. Contact directly as many insects as possible. For ants, spray trails and places where ants enter premises. Repeat as necessary for control.

To Kill Brown Dog Ticks and Fleas: Remove and destroy old bedding. Spray sleeping quarters of pets, around baseboards, windows and door frames, wall cracks, and localized areas of floors. Repeat as necessary. Fresh bedding should be placed in animal quarters after spray has dried. Do not spray animals. To control the source of your infestation treat your pets with a product registered for application to animals.

To Kill Carpet Beetles and Dermestids: Spray along baseboards, edges of carpeting under carpets and rugs, under furniture, in closets, on shelving, and in other places of harbourage. Repeat as necessary.

For Crack and Crevice: Application Within Food Handling Establishments (Places other than private residences, in which food is held, processed, prepared or served) including but not limited to restaurants, grocery stores, bakeries, bottling plants, canneries and grain mills: To kill ants, roaches, crickets, silverfish, sowbugs, spiders, earwigs, brown dog ticks, fleas, carpet beetles and dermestids: Use a spot treatment in and around both food and nonfood areas where the above pests have been seen or are suspected of hiding or entering. Apply only enough spray to thoroughly cover the surfaces treated using special care to avoid unnecessary runoff. Do not introduce the spray into the air or allow the spray to contact food or food-contacting surfaces. Areas treated may include dark corners or rooms and closets; along and behind baseboards; beneath and behind stoves and refrigeration units; floor drains and around plumbing and other utility installations. Spot treatment may encompass crack and crevice treatment by applying small amounts of material directly into opening leading to voids and hollow spaces in walls, equipment legs and bases or which occur at points between different elements of construction or between equipment and floors.

Do not apply this product in conduits, motor housings, junction and switch boxes or other electrical equipment because of possible shock hazard.

Application of this product in food handling establishments other than as a spot and/or crack and crevice treatment is not permitted.
