NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

CCI, Industries, Inc.  
 235 Yorkland Boulevard  
 Suite 500  
 Willowdale, Ontario

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 46813-35" to your label before you release the product for shipment.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

May be harmful if swallowed, inhaled or absorbed through skin. Avoid breathing spray mist and provide adequate ventilation of area being treated. Avoid contact with skin, eyes and clothing. In case of contact, immediately flush skin and eyes with plenty of water. Wash thoroughly with soap and water after handling. If poisoning occurs, get prompt medical aid.

NOTE TO PHYSICIAN:

Chlorpyrifos is a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

Do not apply directly to food. In commercial food handling facilities, cover or remove any food processing equipment during application. Do not apply while food processing is underway. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Remove pets, birds and cover fish aquarium before spraying. Do not allow children or pets to contact treated surfaces until they are dry.

STATEMENT OF PRACTICAL TREATMENT:

If swallowed, do not induce vomiting because of aspiration hazard. Call a physician or Poison Control Center. Product contains aromatic solvents.

If on skin, wash thoroughly with soap and water.

If in eyes, flush with plenty of water.

PHYSICAL OR CHEMICAL HAZARDS:

Contents under pressure. Do not puncture or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Never throw container into fire or incinerator.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

STORAGE AND DISPOSAL:

Storage: Store in a cool area away from heat or open flame.

Disposal: "Do not contaminate water, food, or feed by storage of disposal." "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility." Wrap container and put in trash collection.

GENERAL:

Use this product as a spot or crack and crevice treatment to control cockroaches, waterbugs, silverfish, ticks, fleas, and other insects listed below. Apply this product as a coarse spray to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

SPOT TREATMENT:

TO KILL ANTS, ROACHES, CRICKETS, SILVERFISH, SOWBUGS, SPIDERS AND EARWIGS: Spray into cracks, crevices, around baseboards and other places where these insects hide. Apply behind and beneath cabinets, refrigerators, sinks, stoves, and in and around waste containers. Contact directly as many insects as possible. For ants, spray trails and places where ants enter premises. Repeat as necessary for control.

TO KILL BROWN DOG TICKS AND FLEAS:

Remove and destroy old bedding. Spray sleeping quarters of pets, around baseboards, windows and door frames, wall cracks, and localized areas of floors. Repeat as necessary. Fresh bedding should be placed in animal quarters after spray has dried. Do not spray animals. To control the source of your infestation treat your pets with a product registered for application to animals.

TO KILL CARPET BEETLES AND DERMESTIDS:

Spray along baseboards, edges of carpeting under carpets and rugs, under furniture, in closets, on shelving, and in other places of harbourage. Repeat as necessary.

FOR CRACK AND CREVICE:

Application within food handling establishments (places other than private residences, in which food is held, processed, prepared or served) including but not limited to restaurants, grocery stores, bakeries, bottling plants, canneries and grain mills: To kill ants, roaches, silverfish, crickets, sowbugs, spiders, earwigs, brown dog ticks, fleas, carpet beetles and dermestids: Use a spot treatment in and around both food and non-food areas where the above pests have been seen or are suspected of hiding or entering. Apply only

enough spray to thoroughly cover the surfaces treated, using special care to avoid unnecessary runoff. Do not introduce the spray into the air or allow the spray to contact food or food-contacting surfaces. Areas treated may include dark corners, or rooms and closets, along and behind baseboards, beneath and behind stoves and refrigeration units, floor drains and around plumbing and other utility installations.

FOR CRACK AND CREVICE INJECTION SYSTEM:

Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above listed insects hide.

Do not apply this product in conduits, motor housings, junction and switch boxes, or other electrical equipment because of possible shock hazard.

Application of this product in food handling establishments other than as a spot and/or crack and crevice treatment is not permitted.

OUTDOOR USE:

TO KILL ANTS, CRICKETS, FLEAS, CHIGGERS, AND BROWN DOG TICKS:

Spray infested areas thoroughly including outside surfaces of screens, doors, window frames, foundations, patios, or other places where insects may enter. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation.

TO KILL FLIES, MOSQUITOES, WASPS, AND FLYING MOTHS:

For outdoor use only as an aid in reducing annoyance from these insects. Spray outside surfaces of screens, doors, windows or wherever these pests may enter a room. Also treat surfaces around light fixtures on porches, in garages, and other places where insects alight or congregate.
