PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed or absorbed through skin. Avoid breathing spray mist. Avoid contact with skin. In case of contact, immediately flush skin with plenty of water.

When used in commercial food processing, storage, preparation or serving areas, all processing surfaces and utensils should be thoroughly washed with an acceptable detergent solution and rinsed with potable water to remove all traces of contamination. In the home all surfaces should be covered during treatment or thoroughly washed as above. Cover exposed food. Do not apply while processing, preparation or serving is underway.

Remove pets, birds and cover fish aquariums before spraying.

Environmental Hazards

This pesticide is toxic to fish and other aquatic animals. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

Physical Hazards

**BEST AVAILABLE COPY**

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center
- IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.
- IF ON SKIN OR CLOTHING: Wash skin with soap and warm water. Remove contaminated clothing and wash before re-use.
- IF INHALED: Remove victim to fresh air. Apply artificial respiration if necessary.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

SHAKE BEFORE USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.

For best results, spray in evening or on a cloudy day when the air is still. Use slow, sweeping motion. Keep can 18 inches from the plants. Avoid wetting foliage with the spray. Spray rows at the rate of one foot per second. For heavy growth, spray rows on both sides. Repeat when needed. Spray with caution on young plants and new growth. Do not spray garden when temperature exceeds 90°F.

STORAGE AND DISPOSAL

- Storage: Store in a cool area away from heat or open flame.
- Disposal: Do not re-use empty container. Wrap container in paper and dispose of with trash. Do not puncture or incinerate.

INDOORS:

To Kill Flies, Mosquitoes, Gnats, Wasps, Flying Moths:

Close all doors and windows and direct spray upward into center of room with a slow, sweeping motion. Spray 5 to 10 seconds for average room (1,000 cubic feet). Keep nozzle three feet from surfaces. Vacate premises. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry.

To Kill Cockroaches, Waterbugs, Silverfish, Crickets, Ants, Ticks:

Spray baseboards, cracks, crevices, moist areas, and openings around sinks and pipes and other hiding places, hitting the insects directly. Spray ant hills and ant trails, around window and door sills, and other locations. Repeat as necessary.

To Kill Clothes Moths, Carpet Beetles: Spray all articles to be protected, giving particular attention to folds and seams. Spray interior of storage containers such as closets, chests and trunks regularly. Treatment should be repeated every thirty days, unless the articles are stored in a moth-tight container.

To Kill Bedbugs:

Spray mattresses thoroughly, especially around seams and tufts. Spray bedstead, baseboards, floor boards and places likely to harbour these pests. Repeat frequently.

To Kill Fleas and Brown Dog Ticks: Remove and destroy old pet bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Put fresh bedding in pets quarters after spray has dried. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

To Kill Aphids and Whiteflies on English Ivy and African Violets:

Spray in short bursts, holding the can 18 inches from foliage of house plants. Spray both sides of the leaves lightly. Do not wet. Repeat as often as necessary.

OUTDOORS:

Kills Listed Insects on Asters, Azaleas, Begonias, Chrysanthemums, Dahlias, Delphiniums, Gladioli, Irises, Marigolds, Petunias, Roses and Snapdragons. Also kills insects on evergreens and small ornamental deciduous trees, shrubs and vines.

When sprayed directly on insects, this spray kills sucking insects: Aphids, Leafhoppers, spotted mites, thrips (exposed) and lace bugs. Kill chewing insects: Army worms (caterpillars), Mexican bean beetle, climbing cutworms and Japanese beetles when these insects are hit directly with the spray.
