Contains no CFCs or other ozone depleting substances.
 Federal regulations prohibit CFC propellants in aerosols.

Net Weight _____ ounces

(Back/Side Panel)

This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.

PRECAUTIONARY STATEMENTS**Hazards to Humans and Domestic Animals**

CAUTION: Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Thoroughly wash with soap and water after handling and before eating, drinking, chewing gum or using tobacco. When used indoors, remove pets and cover fish aquariums before spraying.

Environmental Hazards

This product is highly toxic to fish. For terrestrial uses, do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Drift and runoff from treated sites may be hazardous to fish in adjacent waters. Do not contaminate water when disposing of equipment washwaters.

Physical or Chemical Hazards

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

First Aid

Have the product container or label with you when calling a poison control center or doctor or going for treatment. [You may also call (toll free number) for emergency medical treatment information.]

If in Eyes

- Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

If Swallowed:

- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give any liquid to the person
- Do not give anything by mouth to an unconscious person.

If on Skin or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Immediately rinse skin with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
Note to Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.	

(Note: The grid format will be used if market space allows; otherwise a paragraph format will be used.)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Features and Applications

Kills Hornets, Wasps, Yellow Jackets, Bees, Spiders and Tent Caterpillars. For outdoor use in and around industrial, commercial, medical and residential facilities; may also be used in basements, garages, barns, sheds, warehouses, unfinished attics and in vehicles and other areas where food/drinks/feeds are not exposed.

For use in and around industrial, commercial, office, institutional and storage buildings, boats, ship cabins and hospitals. Also for use in buses, automobiles, trucks, boxcars, ship cargo holds, dog kennels and horse stables. In hospitals, remove patients prior to treatment. Ventilate the area for 2 hours prior to returning the patients. Do not use in horse stables if horses will be used for food. Do not get spray on people, pets or desirable vegetation. Do not use indoors as a space spray. Remove pets (including birds and fish) and cover non-movable aquariums, etc. in area to be sprayed.

Remove protective cap. Aim spray opening away from person. Push button to spray.

Indoor to kill bees, wasps, hornets, yellow jackets: Apply in late evening when insects are at rest. Spray liberally into hiding and breeding places, particularly under rafters, contacting as many insects as possible. Saturate areas in and around nest openings. Repeat as infestation warrants.

To Kill Spiders: Spray directly on these pests and use repeated applications to the webbing and all cracks and crevices that harbor spiders.

Outdoors to kill bees, wasps, hornets, yellow jackets: Apply in late evening when insects are at rest. Aim spray at nest openings in trees, bushes, under eaves, chimneys, cracks and crevices to saturate in and around nest openings. Contact as many insects as possible. Repeat as infestation warrants.

To kill tent caterpillars: Apply when caterpillars are young and tents are first noticed. For best results, apply in the late afternoon or evening when caterpillars have returned to their tents. Aim spray directly at tents and totally saturate on all sides. Repeat as infestation warrants.

Storage and Disposal

Do not contaminate water, food or feed by storage or disposal.

Storage: Store in a cool, (preferably locked) place inaccessible to children and pets and away from heat, sparks and open flame. **Disposal:** Do not puncture or incinerate! **If empty:** Place in trash or if available offer for recycling. **If partly filled:** Call your local solid waste agency (or 1-800-CLEANUP) for disposal instructions.

In case of medical emergencies or health and safety inquiries, or in case of fire, leaking or damaged containers, information may be obtained by calling 1-800-(phone number).

For product information call toll-free: 1-800-(phone number). [Questions? Call (phone number)]

Notice: Buyer assumes all responsibility for safety and use not in accordance with directions.
