

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

46813-62

Date of Issuance:

SEP 19 1997

Term of Issuance: Conditional

Name of Pesticide Product:

CCL Flying Insect Killer XI

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Dr. Frank Chau
CCL Industries, Inc.
105 Gordon Baker Road
Willowdale, Ontario M2H 3P8

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 46813-62."
- b. The quotation marks after the statements within the section for Storage and Disposal should be removed.
- c. On the front panel the word "KILLS" and on the back panel the word "spay" for "To Treat Animals" are misspelled.

Signature of Approving Official:

Date:

SEP 19 1997

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions or comments please call Richard J. Gebken at (703) A stamped copy of the label is enclosed for your records.

Sincerely,

A handwritten signature in dark ink, appearing to read 'Marion Johnson', with a long horizontal flourish extending to the right.

Marion Johnson
Product Manager 10
Insecticide Branch
Registration Division (7505C)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if swallowed or absorbed through skin. Avoid breathing vapors or spray mist. Avoid contact with eyes or skin. In case of contact, immediately flush skin and eyes with plenty of water. Obtain medical attention if irritation persists. Foods/Feed or food/feed processing equipment should be removed or covered during treatment. Do not apply while food/feed processing is underway. All food/feed processing surfaces should be thoroughly cleaned before using. Do not apply over uncovered milk or food/feed products. Any exposed utensils or food/feed handling surfaces should be thoroughly cleaned before use. Do not use in areas where fish or reptiles may be exposed to the spray. Facilities and equipment in federally inspected meat and poultry plants must be washed with an effective cleaning compound followed by a potable water rinse after spraying. Vacate premises after treatment. Ventilate the area after treatment is completed before reoccupying area. Remove pets, birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat, sparks or open flame.

Disposal: "Do not contaminate water, food or feed by storage or disposal". "Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility". "Wrap container and put in trash collection". "

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

Hold container upright, nozzle away from you and press actuator button spraying as directed.

To Treat Animals: To protect cattle from attacks of stable flies, horse flies, deer flies, house flies, horn flies, mosquitoes and gnats, spray about 3 seconds on each side being careful to spray back, withers and forelegs thoroughly. To protect from face flies, spray the face and head, but do not spray into the eyes. Repeat treatment as necessary when flies are troublesome.

In Animal Quarters & Milk Rooms: For rapid control of houseflies, mosquitoes, gnats, wasps and flying moths, close windows and doors and spray at the rate of one second per 1000 cubic feet of space. For best results, keep area closed for 10 minutes after spraying. Do not remain in treated area and ventilate after treatment is completed.

Flying Insects: Flies, mosquitoes, wasps, gnats and flying moths. Close doors and windows. Direct mist upwards in sweeping motion to all parts of the room especially windows and other light sources. Apply 6-10 second bursts per 30m of space.

Whenever possible, keep doors and windows closed for 15 minutes after each treatment. Also direct mist into areas where insects are present. Keep spray at least 1m from interior walls, fabrics and furniture.

Crawling Insects: Cockroaches, spiders, crickets, ants, carpet beetles, centipedes and silverfish. Spray hiding places such as baseboards, moist areas, opening around sinks, drains and pipes, behind cabinets and storage areas. Spray ant trails, around door sills, window frames, or in ant nests. Insects must be hit to be killed.

Bed Bugs: Spray mattress, particularly around seams and tufts. Take beds apart, spray all joints. Repeat as required.

Flies: Spray sleeping quarters of pets.

NOTICE TO USER

Buyer assumes all responsibility for safety and use not in accordance with directions.
