x Registration

(under FIFRA as amended) Reregistration

(under rirron, as amended)

Name and Address of Registrant (include ZIP Code):

CCL Custom Manufacturing

1 West Hegler Lane

Danville, Illinois 61382-8398

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is <u>conditionally</u> registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

- 1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of you product under FIFRA section 4.
- 2. Revise the EPA Registration Number to read "EPA Reg. No. 46813-65"
- 3. The changes you made to your CSF are acceptable. Thank you.
- 4. We have received the efficacy data submitted on your behalf by MGK and will put it into review. Please be aware that in the event that the data is unacceptable you will need to submit or cite additional (acceptable) efficacy data or remove the following pests from your label: cockroaches, Brown Dog Ticks, fleas, flies, mosquitoes, hornets and wasps.

Signature of Approving Official:

Macy Jan Keign:

September 7, 2001

5. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Tracy Keigwin of my team at (703) 305-6605.

Sincerely,

George T. LaRocca Product Manager (13) Insecticide Branch Registration Division (7505C)

## PRECAUTIONARY STATE JENTS HAZARDS TO HUMAN AND DOMESTIC ANIMALS CAUTION

Harmful if swallowed, inhaled or absorbed through skin, Avoid breathing vapors of spray mist. Avoid contact with skin, eyes and clothing.

Do not apply directly to food. In the home, all food processing surfaces and utensils should be covered during the treatment, or thoroughly washed before use. Remove pets, birds and cover fish aquariums before spraying. Do not allow children or pets to contact treated surfaces until they are dry. Sites for non-food use in homes, motels, such as: Spray into cracks and crevices around baseboards and other places. Apply behind and beneath cabinets, refrigerators, sinks, stoves and in the waste containers. Contact directly as many insects as possible. For ants, spray trails and places where unts enter premises.

## STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin launediately with plenty of water for 15 to 20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center for treatment advice.

If INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800xxx-xxxx for emergency medical treatment information.

# STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: Do not contaminate water, food or feed by storage or disposal or cleaning of equipment. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility, Wrap container and put in trash collection. Do not puncture or incinerate. Do not re-use the empty container.

#### PHYSICAL HAZARDS

Contents under pressure, Do not puncture or incinerate container, Exposure to temperatures above 130°F may cause bursting. Do not use this product in or on electrical equipment due to the possibility of shock hazard.

#### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labelling.

#### GENERAL

Use this contact & residual spray as a Hornet & Wasp Spray or as a Crack and Crevice treatment to control cockroaches, waterbugs, allverfish, ticks, fleas and other insects listed below. Apply this product only as a crack and crevice treatment to localized areas where pests are found or may occur. Non-food areas of commercial food handling establishments and similar commercial buildings where the product can be applied are areas such as garbage rooms, layatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, garages, man closets and storage (after canning and bottling).

## CONTROL OF CRAWLING INSECTS:

To Kill Auts, Cockroaches, Crickets, Silverfish, Sowbugs, Spiders, Brown Dog Ticks, Fleas, Earwigs and Carpet Beetles; Apply spray directly into cracks and crevices. Insert attached extension tube into actuator to enable you to deliver a pin stream in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above insects hide.

## CONTROL OF WASPS AND HORNETS:

It is preferable to apply this after dark when all the insects have returned to the nest. Insert attached extension tube into actuator to enable you to white COMMENTS deliver a pin stream. Aim extension tube at the nest and depress actuator, continuing to spray until the nest is all covered with the Insecticide for Additional Precautionary Statements The insects will now not be able to leave the nest so insert the extension into the nest and fill the nest with the Insecticide foam.
