

ROACH BEGONE is extremely effective in killing roaches (water bugs, palmetto bugs), ants and silverfish. This odorless, non-staining powder provides long lasting protection from future infestations for as long as it remains dry. When a roach comes in contact with **ROACH BEGONE** the powder clings to the pest and is then carried to other areas where roaches are. Roaches can then be killed without ever leaving their nest!!!

PRECAUTIONARY STATEMENTS
Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Wash thoroughly after handling. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Do not use in edible product areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTANT WITH ITS LABELING.

Shake well before using. Apply **ROACH BEGONE** with small paint brush, teaspoon, or "squirt" applicator. Brush any **VISIBLE** powder into cracks or crevices or wipe away. (BE CAREFUL TO KEEP POWDER DRY).

APPLICATIONS: **ROACH BEGONE** should be put in all areas where it can be hidden and out of reach of children and pets. Take the bottom drawer out of cabinets, bureaus, dressers, etc. and spread liberally in the drawer wells. Use in closets - a 1/2 teaspoonful in the corner of shelves-garages, window sills, door jams, under dressers, and bookcases, behind all appliances. In new construction-drill 1/2" holes in kick plates of cabinets and squirt **LIBERAL** amounts of **ROACH BEGONE**. Use in walls behind sheetrock, behind cabinets, and built-in appliances, and into soffits. Use about 1 lb. of powder per 1,000 square feet. Reapply as necessary.

DISPOSAL

DO NOT REUSE EMPTY CONTAINER. RINSE AND WRAP CONTAINER AND PUT IN TRASH RECEPTACLE.
