Subject: Label Notifications for Pesticide Registration Notice 2007-4

Dear Mr. Goldschmidt:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated April 15, 2010 for:

EPA Registration 46923-8 Copper Carbonate Technical
EPA Registration 46923-9 Basic Copper Sulfate

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-5551.

Sincerely,

Linda Arrington
Notifications & Minor Formulations Team Leader

SECTION II – NOTIFICATION: Copper Carbonate Technical,
EPA Reg. No. 46923-8

Explanation:

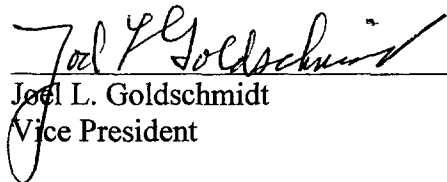

Notification of the following additions to the label as per Notification 2007-4:

In the section "STORAGE AND DISPOSAL"

- A. Under "Storage": Add the following sentence:
"Non-refillable container. Do not reuse or refill this container".
- B. Under "Container Disposal": Add the following sentence"
"Offer for recycling if available".

This Notification is consistent with the provisions of PR Notice 90-10 and EPA regulations at 40 CFR 152.46 and no other changes have been made to the labeling or the Confidential Statement of Formula of this product. I understand that it is a violation of 18 U.S.C. Sec.1001 to willfully make any false statements to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under Section 12 and 14 of FIFRA.

Copper Carbonate, EPA Reg. No. 46923-8

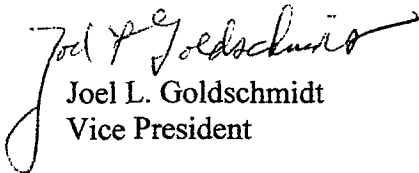

Dear Ms. Williams:

Enclosed please find a copy of the labels for Basic Copper Sulfate and Copper Carbonate that you requested in response to our Notification with regard to PR Notice 2007-4. I apologize for not sending them in with the notification.

Old Bridge Chemicals has incorporated all of the requirements called for by RED in the enclosed labels.

Should you require anything further I can be reached at (732) 727-2225, extension 314 on Wednesdays or by e-mail at jgoldschmidt@oldbridgechem.com.

Yours truly,

Joel L. Goldschmidt
Vice President

NOTIFICATION

JUN 24 2010

Old Bridge Chemicals Inc.

COPPER CARBONATE TECHNICAL

ACTIVE INGREDIENT:

Copper Carbonate.....(Cas No. 12069-69-1).....96.0%

OTHER INGREDIENTS.....4.0%

TOTAL.....100.0%

(METALLIC COPPER EQUIVALENT) 55.0%

DANGER/PELIGRO

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle (If you do not understand this label, find someone to explain it to you in detail)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Danger: Causes severe eye and skin irritation. Harmful if absorbed through the skin or inhaled. May cause skin sensitization reaction in certain individuals. Avoid contact with skin, eyes or clothing. Avoid breathing dust.

PERSONAL PROTECTIVE EQUIPMENT

Mixers, Loaders, Applicators and other handlers must wear the following: long sleeve shirt, long pants, shoes plus socks, protective eye wear, waterproof gloves, dust/mist filtering respirator (MSHA/NIOSH) approval number TC21C) or a NIOSH approved respirator with any N, R, P or HE filter. Some materials that are chemical-resistant to this product are rubber and latex. If you want more options, follow the instructions for category A on an EPA chemical resistant category selection chart. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with the product's concentrate. Do not reuse them.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates and may contaminate water through runoff. This product has a potential for runoff for several months or more after application. Poorly draining soils or soils with shallow water tables are more prone to product runoff that contains this product. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. For terrestrial uses, do not apply directly to water, to areas where surface water present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters or rinsate. Certain water conditions including low pH (≤ 6.5), low dissolved organic carbon (DOC) levels (3.0 mg/L or lower) and "soft" waters (i.e. alkalinity less than 50 mg/L) increase the potential acute toxicity to non-target organisms.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
Pesticide Storage: Store in a cool and dry place. Open dumping is prohibited. If container is damaged place container in a plastic bag. Shovel any spills into a plastic bag and seal with tape. NON-REFILLAGE CONTAINER: Do not reuse or refill this container.
Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residues into application equipment. Offer for recycling if available. Otherwise dispose of liner in a sanitary landfill or by incineration if allowed by State and Local authorities. If burning, stay out of smoke.
Pesticide Disposal: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide is a violation of federal law. If these wastes cannot be disposed of by use according to the label instructions, contact your State Pesticide or Environmental Control Agency, or Hazardous Waste Representative or nearest EPA Regional Office for guidance. If container is partially filled, call your local solid waste agency (or 1-800-CLEAUP) for disposal instructions. Waste resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Never place unused product down any indoor or outdoor drain.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing. Wash outside of gloves before removing.

FIRST AID	
If in eyes	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
If inhaled	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call poison control center or doctor for further treatment advice.
If on skin or on clothing	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
If swallowed	Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person.
HOT LINE SERVICE	
Have the product container or label with you when calling a poison control center or doctor, or for going for treatment. You may contact 800-275-3924 for emergency medical information.	
Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

DIRECTIONS FOR USE

Only for formulations into fungicides, bactericides, herbicides, wood-preservatives and anti-foulants for the following uses: fungicides, herbicides, wood-preservatives and anti-foulants. This product may be used to formulate products for any additional uses not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such uses. This product is toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water when disposing of equipment wash waters or rinsate.
