

IT'S WORTH IT!
Algatec™
 CONCENTRATE

BEST AVAILABLE COPY

For summer and winter control of all types of algae in swimming pools.

ACTIVE INGREDIENT:

Poly[oxyethylene(dimethyliminio)ethylene-
 (dimethyliminio)ethylene dichloride] 30.0%

INERT INGREDIENT 70.0%

This product contains 2.67 lb. of active ingredient per gallon and weighs 8.9 lb. per gallon.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Algatec-C is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, and decorative fountains. For maximum effectiveness pools, spas, whirlpools, hot tubs, and decorative fountains containing heavy growth of algae should be cleaned prior to using Algatec-C.

For pools having just visible algae growth add an initial dose of 23.5 to 36.4 fluid ounces of Algatec-C per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 12.8 to 23.5 fluid ounces of Algatec-C per 10,000 gallons of water. Subsequent additions of 4.3 to 8.6 fluid ounces of Algatec-C per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, and decorative fountains having just visible algae growth require an initial dose of 2 to 4 fluid ounces of Algatec-C per 1000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub, or decorative fountain, add initially 1 to 2 fluid ounces of Algatec-C per 1000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of Algatec-C should be made every 5 to 7 days after initial treatment for maintenance.

Algatec-C is compatible with those chemicals normally used to treat pools, spas, and decorative fountains and is effective at both acid and alkaline pH. Algatec-C can be used in pools, spas, and decorative fountains treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Algatec-C with concentrated dry or liquid chlorine products.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Mop up spills with clear water. All pesticides should be kept out of reach of children and stored away from food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.

NOTICE OF PESTICIDE:

REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
 and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

ALCATEC-C

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with section 3(c)(2) of the Act, providing that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(2) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "See registration # 40378-9" to your label when you release the product for shipment.
3. Submit five (5) copies of your final printed labeling to the Registration Division for all products which are to be marketed in the United States. If you are marketing the product in other countries, you must also submit copies of the labeling for those countries. A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ALGATEC-C is used to control algae in swimming pools, exterior spas, whirlpools, hot tubs, and decorative effectiveness pools, spas, whirlpools, hot tubs, and decorative pools. Heavy growth of algae should be cleaned prior to using ALGATEC-C.

For pools having just visible algae growth add an initial dose of ALGATEC-C per 10,000 gallons of water. Remove settled algae debris by cleaning. For treatment of a fresh pool add initially 12.8 to 23.5 fluid ounces of ALGATEC-C per 10,000 gallons of water. Subsequent additions of 4.3 fluid ounces of ALGATEC-C per 10,000 gallons of water should be made every 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, or decorative fountains having just visible algae require an initial dose of 2 to 4 fluid ounces of ALGATEC-C per 1000 gallons of water. For treatment of a freshly cleaned hot tub, or decorative fountain, add initially 1 to 2 fluid ounces of ALGATEC-C per 1,000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of ALGATEC-C should be made every 5 to 7 days after initial treatment for maintenance. ALGATEC-C is compatible with other disinfectants used to treat pools and spas and is effective at both low and high pH. ALGATEC-C can be used in pools containing chlorine chemicals and may reduce the amount of those chemicals. However, do not mix ALGATEC-C with other liquid chlorine products.

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Empty containers should be placed in a plastic bag and discarded in accordance with local, state, and federal regulations. All pesticides should be kept out of reach of children and away from food.

DISPOSAL: Do not reuse empty container. Wrap container in plastic and dispose of in accordance with local, state, and federal regulations.
