Algatec-C

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Algatec-C is used to control the growth of algae in swimming pools, exterior spas, whirlpools, hot tubs, and decorative fountains. For maximum effectiveness pools, spas, whirlpools, hot tubs, and decorative fountains containing heavy growth of algae should be cleaned prior to using Algatec-C.

For pools having just visible algae growth add an initial dose of 23.5 to 36.4 fluid ounces of Algatec-C per 10,000 gallons of water and remove settled algae debris by cleaning. For treatment of a freshly cleaned and filled pool add initially 12.8 to 23.5 fluid ounces of Algatec-C per 10,000 gallons of water. Subsequent additions of 4.3 to 8.6 fluid ounces of Algatec-C per 10,000 gallons of water should be made every 5 to 7 days after initial treatment for maintenance.

Spas, whirlpools, hot tubs, and decorative fountains having just visible algae growth require an initial dose of 2 to 4 fluid ounces of Algatec-C per 1000 gallons of water. For treatment of a freshly cleaned and filled spa, whirlpool, hot tub, or decorative fountain, add initially 1 to 2 fluid ounces of Algatec-C per 1000 gallons of water. Subsequent additions of 0.5 to 0.8 fluid ounces of Algatec-C should be made every 5 to 7 days after initial treatment for maintenance.

Algatec-C is compatible with those chemicals normally used to treat pools, spas, and decorative fountains and is effective at both acid and alkaline pH. Algatec-C can be used in pools, spas, and decorative fountains treated with chlorine chemicals and may reduce the amount of those chemicals normally required. However, do not mix Algatec-C with concentrated dry or liquid chlorine products.

ACTIVE INGREDIENT:

Poly(oxyethylene(dimethyliminio)ethylene
(dimethyliminio)ethylene dichloride) 30.0%

INERT INGREDIENT 70.0%

This product contains 2.67 lb. of active ingredient per gallon and weighs 8.9 lb. per gallon.

KEEP OUT OF REACH OF CHILDREN

CAUTION

STORAGE AND DISPOSAL

STORAGE: Keep container closed when not in use. Leaking or damaged containers should be placed in a plastic bag and discarded in trash. Map up spills with clear water. All pesticides should be kept out of reach of children and away from food.

DISPOSAL: Do not reuse empty container. Wrap container and place in trash.

Precautionary Statements

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes, or clothing.

FIRST AID: If swallowed, do not induce vomiting. If inhaled, get fresh air. If on skin, wash with plenty of water. If in eyes, flush with plenty of water. Avoid further contact with the product.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams, ponds, rivers, and creeks. Do not apply directly to water, to the water table, or to other surface waters. Do not contaminate water when cleaning equipment or disposing of equipment washwaters. Do not apply to the region of the...
