Subject: Amended Reregistration Label
Product Name: WATERTEC®
EPA Registration Number: 46978-4
Application Date: 12/19/2011
Decision Number: 455691

Dear Ms. Serrano

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the BUSAN 77 RED, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 06/10/2014

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

A copy of your label stamped "Accepted" is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the

new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions about this letter, please contact Lorena Rivas at (703) 305-5027, or via email at rivas.lorena@epa.gov.

Sincerely,

A handwritten signature in red ink that reads "Jacqueline Hardy". The signature is written in a cursive style and is enclosed within a faint, light-colored rectangular border.

Jacqueline Hardy, Product Manager (34)
Regulatory Management Branch II
Antimicrobials Division (7510P)

Enclosure: Label stamped "Accepted"

CONCENTRATE FOR ALL TYPES OF SWIMMING POOLS, SPAS, WATER GARDENS, AND FOUNTAINS

WATERTEC

The easiest way to eliminate algae
 Kills and inhibits green, yellow and black (fungus) algae
 Powerful clarifiers leave pool and spa water crystal clear
 No wait, swim immediately after treatment
 Reduces cleanup time and burden

Easiest way to keep water clean, clear and algae-free
 3-in-1 pool and spa water treatment: algacide, clarifier and chlorine booster
 The easiest year-round pool, spa, fountain, tabletop fountains,
 water gardens and bird-bath water treatment

Boosts chlorine and bromine effectiveness and reduces usage from 25% to 65%
 Reduces sanitizer usage from 25% to 65% and shocking frequency
 Weekly treatment keeps water clean, clear and free of algae blooms
 Kills most algae in 4 to 24 hours, improves water quality, reduces skin / eye irritation
 and swimmer / bathwater discomfort

Weekly dosage provides easier maintenance of pool and spa water
 Unique synergy keeps water algae-free and crystal clear
 Summer: Kills and controls green, yellow and black (fungus) algae
 Winter: Keeps pool water clean, clear and algae-free with little or no chlorine
 Protects covered, mesh and uncovered pools from fall to spring
 Creates pristine spa water quality and comfort

Keeps spa water clean, clear and free of algae with less bromine
 Exclusively designed for bromine, chlorine, salt water and ozone treated spas

KEEP OUT OF REACH OF CHILDREN
CAUTION - See Side Panel for Additional Precautions
 64 FL. OZ. (2 QTS.) 1.83 LITERS

Pool and Spa Size	WINTER LAYOUT TREATMENT	WINTER DOSEAGE	WINTER DOSEAGE
U.S. Gallons	CLEAN	WINTER CLEAR	WINTER CLEAR
16,000 (64,000 Liters)	1.0 Cup	1.0 Cup	1.0 Cup
32,000 (128,000 Liters)	2.0 Cups	2.0 Cups	2.0 Cups
48,000 (180,000 Liters)	3.0 Cups	3.0 Cups	3.0 Cups

WaterTec keeps winter pool water clean, clear and free of algae
 Unlike other wintering Algs. WaterTec's protection is unaffected
 during long lasting protection throughout the non-swim season,
 mesh and spa uncovered pools. This protection keeps pool
 water properly treated preventing spring algae clearing expense
 and cleanup. With WaterTec, all you need is to be
 5/10/15 to 15/15/15

BEFORE YOU START:
 1. Pool water must be clean and free from algae growth.
 2. Levels should be in the range of 80 to 150 ppm.
 3. Pools with water that has been treated with a non-swim dosage
 should be shocked with normal chlorine residuals. Shocking pool is
 recommended to ensure clean, sanitizing water.

USING WATERTEC FOR WINTER:
 WaterTec keeps winter pool water clean, clear and algae-free with
 little or no chlorine. Use the correct WaterTec "3-in-1" dosage
 under either "Clean" or "Winter Algae" for your pool size.

Covered Pools - Add "vial dosage" for your pool size.
**Uncovered Pools - Add "vial dosage" for your pool size. Then
 add "winterizing dosage" every 10 days to maintain
 water quality. Do not mix WaterTec directly with concentrated dry or
 liquid chlorine. WaterTec is not compatible with chlorine
 non-foaming and non-swimming. Swimmers can use swimming pool
 and spa immediately after treatment.**

 should be shocked with normal chlorine residuals. Shocking pool is
 recommended to ensure clean, sanitizing water.

USING WATERTEC FOR WINTER:
 WaterTec keeps winter pool water clean, clear and algae-free with
 little or no chlorine. Use the correct WaterTec "3-in-1" dosage
 under either "Clean" or "Winter Algae" for your pool size.

Covered Pools - Add "vial dosage" for your pool size.
**Uncovered Pools - Add "vial dosage" for your pool size. Then
 add "winterizing dosage" every 10 days to maintain
 water quality. Do not mix WaterTec directly with concentrated dry or
 liquid chlorine. WaterTec is not compatible with chlorine
 non-foaming and non-swimming. Swimmers can use swimming pool
 and spa immediately after treatment.**

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
 Causes moderate eye irritation. Avoid contact with skin, eyes
 and clothing. Wash thoroughly with soap and water after
 use. Do not eat, drink, or use tobacco products while using
 this product. Do not get into eyes, on face, or on clothing.
 Wash thoroughly with soap and water after use. Do not
 eat, drink, or use tobacco products while using this product.
FIRST AID: IF SWALLOWED: Call the Poison Control Center
 or doctor immediately. Have person sip a glass of water if
 able to swallow. Do not induce vomiting. Do not get into eyes,
 on face, or on clothing. IF ON SKIN OR CLOTHING:
 Wash thoroughly with soap and water. IF IN EYES: Hold eye
 open and rinse slowly and gently with water for 15-20 minutes.
 Remove contact lenses, if present, after the
 first rinse. Continue rinsing. IF INHALED: Move person to
 fresh air. If irritation persists, call a doctor or poison control
 center or local hospital. IF ON CLOTHING: Remove clothing
 immediately. Wash thoroughly with soap and water.
ENVIRONMENTAL: Do not discharge effluent containing
 this product into lakes, streams, ponds, estuaries, coasts, or other
 aquatic ecosystems, and drains. Do not discharge effluent
 containing this product into surface water or groundwater.
HAZARD TO AQUATIC LIFE: Do not discharge effluent
 containing this product into surface water or groundwater.
HAZARD TO AQUATIC LIFE: Do not discharge effluent
 containing this product into surface water or groundwater.
HAZARD TO AQUATIC LIFE: Do not discharge effluent
 containing this product into surface water or groundwater.

STORAGE AND DISPOSAL: Do not contaminate water, food
 or feed by storage or disposal. PESTICIDE STORAGE: Keep
 this product in original container. Do not store in a
 container that has been used for food, feed, or other
 purposes. Do not use for food, feed, or other purposes.
HAZARD TO AQUATIC LIFE: Do not discharge effluent
 containing this product into surface water or groundwater.
HAZARD TO AQUATIC LIFE: Do not discharge effluent
 containing this product into surface water or groundwater.

MAINTENANCE: Add WaterTec (initial dosage followed by
 subsequent weekly dosages).
 1. Green and yellow algae: Add "visible algae" dosage
 according to the amount of algae bloom. Brush any algae
 along with maintenance dosages.
 2. Black algae (fungus): Use up to maximum WaterTec
 dosage. Do not use more than 1.0 cup per 16,000 gallons.
 Broadcast dry chlorine required to clear black
 algae. Do not use more than 1.0 cup per 16,000 gallons.
 often to assist removal. Add WaterTec "visible algae"
 weekly until growth is eradicated.

ACTIVE INGREDIENTS: 100% Polyvinylpyrrolidone
INERT INGREDIENTS: 0%
 This product contains 2.87 lb. of active ingredients and weighs
 6.25 lb. per gallon.
