Evangelina Serrano
McGrayel Company, Inc.
5361 S. Villa Ave
Fresno, CA 93725

Subject: Label Amendment – *Updating Front Panel to include two descriptive phrases, deleting and adding phrases and correcting grammatical errors*
Product Name: WATERTEC
EPA Registration Number: 46978-4
Application Date: 10/11/2019
Decision Number: 558447

Dear Ms. Serrano:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Regulatory Management Branch II
Antimicrobials Division (7510P)

Enclosure: 2/6/2020 Accepted stamped label

ACCEPTED

02/06/2020

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 46978-4

Powerful Syntec® Concentrated Formulation

WATERTEC®

Tough Algae Controller

• Kills & Prevents Algae Growth • Non-Foaming & Non-Staining • Keeps Water Crystal Clear • Treats Over 20,000 U.S. Gallons

The Ultimate 3-in-1 Algaecide, Clarifier and Chlorine Booster

SUMMER - KEEPS POOL WATER CLEAN, CLEAR AND ALGAE-FREE
 Unique chlorine synergy improves water quality, clarity and swimmer comfort with less chlorine. Reduces skin and eye irritation. Kills green, yellow and black algae quickly.

WINTER - NON-CHLORINE TREATMENT PROVIDES LONG LASTING PROTECTION
 Little or no chlorine needed. No spring cleanup. Ideal for covered, mesh and uncovered pools.

The Easiest Way To Eliminate Green, Yellow and Black Algae

Kills green and yellow algae within 4 to 24 hours (black algae takes longer). Fast cleanup action with strong chlorine synergy (no chlorine loss). Prevents algae growths and keeps pool water crystal clear.

Contains no metals, bromide or quats. Non-staining and non-foaming.

Maintains Spa Water, Cleaner, Clearer and Algae-free

For pristine crystal clear and cleaner spa water

Keeps spa water refreshingly clean, ultra-clear and always ready to enjoy.

Keeps spa water free of eye irritation and discomfort.

Contains no silver or copper staining metals.

Kills and inhibits green, yellow and black (fingers) algae

Boots chlorine and bromine effectiveness and reduces usage from 25% to 65%.

Protects covered, mesh and uncovered pools from fall to spring

Keeps spa water clean, clear and free of algae with less bromine

Exclusively designed for bromine, chlorine, salt water and ozone treated spas

ACTIVE INGREDIENTS: Poly (oxyethylene)dimethylamine

INERT INGREDIENTS: 1,1,1-trichloro-2,2,2-trifluoroethane, diethylene glycol dimethyl ether, polyethylene glycol, sodium chloride, water

KEEP OUT OF REACH OF CHILDREN

CAUTION - See Side Panel for Additional Precautionary Statements

84 FL. OZ. (2 QTS.) 1.89 LITERS

Directions for use: It is a violation of Federal law to use this product in any way not recommended on this labeling.

WATERTEC® OVERVIEW:

Watertec® is a synergistic algaecide, water clarifier and chlorine booster that kills green, yellow and black algae in swimming pools, hot tubs, spas, hot tubs, and water features. Watertec® improves water quality and swimmer comfort in swimming pools, spas and hot tubs. As an algaecide, Watertec® kills green and yellow algae in 4 to 24 hours and prevents algae growth in swimming pools, spas, hot tubs, hot tubs, fountains, water gardens, tabletop fountains and birdbaths. Watertec® clarifiers improve water clarity and prevent cloudy water. Watertec® synergizes with swimming pool, spa and hot tub sanitizers helping to improve water clarity and prevent cloudy water. Watertec® synergizes with sanitizer usage between 25% to 65%. Watertec® is compatible with all salt cell systems and helps improve salt cell performance.

SUMMER WEEKLY POOL MAINTENANCE

- To start, add Watertec® "Clean" dosage to balanced pool water.
- Then, add Watertec® "Visible Algae Dosage" to help prevent further algae growth.
- Then, add Watertec® "Clear" dosage to help prevent further algae growth.

ALGAE CLEANUP - ALL POOLS:

- To start, pool containing heavy algae growth should be cleaned of excess debris.
- Then, add Watertec® "Clean" dosage to balanced pool water and improve cleanup.
- Operate pool filter pump during entire cleanup period which is typically 4 to 24 hours.

WINTER TREATMENT CHART:

Pool Size (in U.S. Gallons)	WINTER LAYOUT TREATMENT	
	WINTER LAYOUT TREATMENT	WINTER LAYOUT TREATMENT
10,000 (100,000 liters)	10,000 (100,000 liters)	10,000 (100,000 liters)
20,000 (200,000 liters)	20,000 (200,000 liters)	20,000 (200,000 liters)
30,000 (300,000 liters)	30,000 (300,000 liters)	30,000 (300,000 liters)
40,000 (400,000 liters)	40,000 (400,000 liters)	40,000 (400,000 liters)
50,000 (500,000 liters)	50,000 (500,000 liters)	50,000 (500,000 liters)
60,000 (600,000 liters)	60,000 (600,000 liters)	60,000 (600,000 liters)
70,000 (700,000 liters)	70,000 (700,000 liters)	70,000 (700,000 liters)
80,000 (800,000 liters)	80,000 (800,000 liters)	80,000 (800,000 liters)
90,000 (900,000 liters)	90,000 (900,000 liters)	90,000 (900,000 liters)
100,000 (1,000,000 liters)	100,000 (1,000,000 liters)	100,000 (1,000,000 liters)

Watertec® keeps winter pool water clean, clear and free of algae from fall to spring. Watertec® provides long lasting protection throughout the non-swim season. Unlike other winterizing kits, Watertec®'s protection is unaffected by evaporation. Watertec®'s protection is unaffected by evaporation. Watertec®'s protection is unaffected by evaporation.

GREEN ALGAE:

- To kill GREEN algae, add Watertec® "Visible Algae Dosage" - use higher dosage for heavier algae growths.
- After cleanup period, re-test pool water and balance chlorine and pH as needed.
- Add Watertec® weekly to help prevent further growth of algae.

YELLOW ALGAE:

- To kill YELLOW algae, add Watertec® "Visible Algae Dosage" - use higher dosage for heavier algae growths.
- It is important to brush all yellow algae clinging to pool walls and process. Follow manufacturer instructions. Adjust water pH to 7.2 to 7.8.
- After cleanup period, re-test pool water and balance chlorine and pH as needed.
- Add Watertec® weekly to help prevent the re-growth of algae.

BLACK ALGAE - FINGERS:

- To kill BLACK algae, add Watertec® "Visible Algae Dosage" - use MAXIMUM cleanup dosage.
- Use a combo or wire brush and frequently scrub growth for 7 to 10 minutes.
- Broadcast granular chlorine over affected areas to help penetrate and kill growth. Use a type of chlorine that is safe for your pool and further improve cleanup. Follow manufacturer instructions.
- During cleanup period, check and test pool water frequently. Balance water chemistry and pH as needed.
- Operate filter pump at least 10 hours daily during cleanup.
- Add Watertec® weekly to insure eradication of black algae - fingers.

FOR FOUNTAINS, WATERGARDENS, BIRDBATHS AND TABLET FOUNTAINS

Watertec® keeps water continuously clear and quickly kills and prevents all types of algae including fibrous green strands of algae.

BEFORE YOU START:

The most effective use of Watertec® is to start, add Watertec® "Clean" dosage directly to water free of algae blooms. Use higher dosage for water features if algae should reappear, retreat water using algae cleanup dosage.

WEEKLY MAINTENANCE:

- To start, add Watertec® "Clean" dosage directly to water free of algae blooms. Use higher dosage for water features if algae should reappear, retreat water using algae cleanup dosage.
- Then, add Watertec® "Visible Algae Dosage" - use higher dosage for water features if algae should reappear, retreat water using algae cleanup dosage.
- Then, add Watertec® "Clear" dosage to help prevent further algae growth.

ALGAE CLEANUP:

- To start, water features containing heavy algae growth should be cleaned of excess debris. Then, add Watertec® "Clean" dosage to balanced pool water and improve cleanup.
- Operate pool filter pump during entire cleanup period which is typically 4 to 24 hours.

STORAGE AND DISPOSAL:

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other bodies of water in accordance with the requirements of a National Pollution Discharge Elimination Act (NPDES) permit. Do not discharge effluent containing this product to sewer systems unless previously notified by the local sewage treatment plant authority. For more information, contact your State Water Board or Regional Office of the EPA.

PRECAUTIONARY STATEMENTS

CAUTION: Harmful if swallowed or absorbed through skin. Avoid contact with eyes, nose, mouth, and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing or other articles before reuse. If you get this product on your skin or clothes, wash immediately. Have person sip a glass of water if product gets on face. If you get this product in your eyes, flush with water for 15 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling for treatment.

ENVIRONMENTAL PRECAUTIONS:

Watertec® is a synergistic algaecide, water clarifier and chlorine booster that kills green, yellow and black algae in swimming pools, hot tubs, spas, hot tubs, and water features.
