Dear Mr. Millard:

Submission: August 31, 1992

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

It is understood that the remaining text as approved February 23, 1983 is to be used in marketing. This is to include the list of arthropods to be repelled. As new labels are printed, replace the signal word CAUTION with WARNING (appropriate for 100% DEET) and use the correct format for headings and subheadings described at 40 CFR 156.10.
