

PM 12 EPA # 47000-60 PA 10/1
 CLF 9/5/89

47000-60

CAUTION: Keep out of reach of children. Harmful if swallowed. Avoid contact with eyes, skin and clothing. Flush contaminated eyes with plenty of water and get medical attention if irritation persists. Wash contaminated clothing before reuse. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs and domestic water supplies. Do not smoke while using. Wash thoroughly after handling. If swallowed do not induce vomiting. CALL A PHYSICIAN IMMEDIATELY.

Note to physician: Contains petroleum distillate. If gastric lavage is deemed necessary, undertake only after proper placement of a cuffed endotracheal tube. Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

USE PRECAUTIONS

Do not allow children or pets to contact treated surfaces until spray has dried.

Do not spray air in rooms or use on plants. Apply as a surface spray only as specified on this label.

Do not allow spray to contact food, feedstuffs or water supplies. Thoroughly wash dishes and food handling utensils if contaminated with this product. Remove pets and cover fish bowls before spraying.

This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not reuse empty container. Destroy when empty and discard in a safe place.

NOTICE: Seller warrants the product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions or under abnormal conditions or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

HOUSEHOLD INSECTICIDE
 ready to use
With DURSBAN*

A ready-to-use formulation for control of Cockroaches, Ants, Crickets, Silverfish, Spiders, and Brown Dog Ticks in and around homes, apartments, garages and similar residential structures. Also use out-of-doors as an aid in reducing annoyance from flies and mosquitoes entering the home.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Read complete precautions on back panel.

ACTIVE INGREDIENTS:

Chlorpyrifos (0,0-diethyl 0-(2,2,6-trichloro-2-pyridyl) phosphorothioate)	0.5%
Pyrethrin	0.1%
Piperonyl butoxide, technical**	0.2%
N-octyl bicyclohexane dicarboximide	0.3%

INERT INGREDIENTS ----- 98.9%

Total ----- 100.0%

**equivalent to 0.16% (butylcarbityl) (6-propylpiperonyl) ether and 0.04% related compounds.

HOUSEHOLD INSECTICIDE
USE DIRECTIONS

FOR SPOT APPLICATION ONLY

Use as a spot treatment to control cockroaches, silverfish, spiders and other pests specified below. Apply as a coarse (large droplet) spray to localized areas. Some discoloration may occur. Spray surfaces until wet.

Cockroaches, Ants, Crickets, Silverfish, Spiders: Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window sills and frames; behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility installations. Flies driven out of hiding places should be sprayed directly. For ants apply to ant trails, also around doors and windows and wherever else these pests may find entrance.

Brown Dog Ticks: To control these pests, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Old bedding of pets should be removed and replaced with clean, fresh bedding after treatment. Do not spray pets with this product.

Flies and mosquitoes: Use only out-of-doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also spray dark corners and localized resting areas (such as under eaves) or porches, patios and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.
