OFFICE OF
PESTICIDES AND TOXIC
SUBSTANCES
FEB 25 1991

Mr. James R. Melton
Chem-Tech, Ltd.
4515 Fleur Drive, #303
Des Moines, IA 50321

Dear Mr. Melton:

Subject: Resmethrin, Alethrin Registration Standards
           Flyer's Insecticide
           EPA Registration No. 47000-79
           Submissions: April 8, 1989 and January 30, 1990

     The labeling referred to above, submitted in connection with
registration under the Federal Insecticide, Fungicide, and
Rodenticide Act, as amended, is acceptable.   A stamped copy is
enclosed for your records. As new labels are prepared, make the
following changes:

     a)   Delete w/w% from the ingredient statement.

     b)   Delete - This product contains the Toxic Inert
     Ingredient Perchloroethylene.   The formula dated January
     30, 1990 replaces previous formulas accepted under this
     registration for any subsequent shipments.   Use of PCL
     would no longer be consistent with the terms of this
     registration.

                         Sincerely,

                         Richard F. Mountfort
                         Product Manager 10
                         Insecticide & Rodenticide Branch
                         Registration Division (H7505C)

KILLS
HOUSE FLIES, MOSQUITOES
AND GNATS

· PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS

CAUTION ← 14 pt (Red)

Harmful if swallowed. Avoid contamination of feed and foodstuffs. Do not use on edible crops. When treating areas where food is prepared or processed, foods should be removed or covered during treatment. All food processing surfaces must be thoroughly cleaned with an appropriate cleaning agent and rinsed with potable water before reuse.

When using the product in these areas, apply only when the facility is not in operation.

Remove pets, birds and cover fish aquariums before spraying.
