1200 Pennsylvania Avenue NW

Washington, DC 20460-0001

NOTICE OF PESTICIDE

Registration

Reregistration

(under FIFRA, as amended)

EPA Reg. Number

47000-102

Date of Issuance

SEP 29 2005

Term of Issuance

Conditional

Name of Pesticide Product

CT Crack And Crevice Spray

Name and Address of Registrant (include ZIP Code):

Chem-Tech Ltd.
4515 Fleur Dr., # 303
Des Moines, IA 50321

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA sec. 4.
2. Change EPA File Symbol "47000-RNE" to read "EPA Reg. No. 47000-102."
3. Replace "Kills quickly on contact; keeps on killing with residual activity for 4-6 weeks" from the list of claims on the front panel with "Kills quickly on contact." The submitted data is not adequate to support such a residual activity claim.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

May be fatal if absorbed through skin. Harmful if swallowed or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Wear protective clothing and waterproof gloves. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash hands thoroughly before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Extremely flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

HOW TO USE:

Shake container well before use. Point sprayer button at the insects to be sprayed or the surfaces to be treated and press down. Spray surfaces until lightly moist, moving the container to keep from excessively wetting the surface and wasting product. Do not apply this product in a way that will contact any person or pet either directly or indirectly. Keep people and pets out of the area during application.

NOTE: Application to plants will cause damage. Rinse accidentally sprayed plants immediately. Do not use as a space spray for flying insects. Cover or remove fish bowls (tanks) before using product. Exposed food should be covered or removed during spraying and food handling surfaces should be washed with soap and water before use. Do not use in serving areas when food is exposed. Entry Restrictions: Do not allow people or pets to enter treated area until the spray has dried.

CONTROLS:

Ants: Spray directly on ants and ant trails. Follow the trail back to the source of entry into the house, usually a crack or crevice in the flooring or wall, or window or door frame. Repeat treatment when pests noted, but not more frequently than monthly.

Roaches, Spiders (including Black Widow Spiders), Crickets, Silverfish, Scorpions, Firebrats, Centipedes, Millipedes, Pillbugs, and Sowbugs: Spray directly on insects when seen. Spray surfaces under stove, refrigerator, sink, around plumbing, in cabinets, closets, along baseboards and other areas where these insects hide or are suspected. Repeat treatment when pests are seen, but not more frequently than 6 to 8 weeks.

Carpet Beetles: Spray directly on beetles or larvae when seen. Spray along baseboards and edges of rugs and carpeting. Spot spray backing of rugs and carpets and allow to dry thoroughly before replacing on floor. Also treat under furniture, in closets (baseboards and shelving), and wherever the larvae are suspected. Repeat treatment should not be necessary for 6 to 8 weeks.

Fleas and ticks: Spray around pet resting areas, cracks and crevices in flooring and wall/baseboard areas, window and door frames, and other areas where pests are seen. The pet's bedding should be removed and laundered or replaced. Do not treat pet with this product. Use a product labeled for use on animals and treat the outdoor areas used by the pet for complete control.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry well-ventilated area away from heat or open flames. Keep this product in a tightly closed area when not in use.

DISPOSAL: Do not puncture or incinerate. **If Empty:** Place in trash or offer for recycling if available. **If Partially Filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instruction.
