OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

December 20, 2018

Susan Westra
Regulatory Specialist
Chem-Tech, Ltd.
1006 North Highway 5
Pleasantville, IA 50225

Subject: Amended Reregistration Label/Label Amendment – Including RED language, revising formatting, and adding marketing claims.
Product Name: Aqueous Insecticide
EPA Registration Number: 47000-121
Application Date: March 18, 2010; December 9, 2009; April 1, 2016
Decision Numbers: 410162; 411887; 517103

Dear Ms. Westra:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, is acceptable. The Agency, has also completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Pyrethrins and PBO REDs, and has concluded that your submission is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

NOTE: This product is **not** yet being reregistered under section 4(g) of FIFRA.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated July 27, 2007
- Alternate CSF 1, dated January 10, 2000

A copy of your label stamped “Accepted” is enclosed. This labeling supersedes all previously accepted labeling. Products shipped after 12 months from the date of this amendment or the next printing of the label, whichever occurs first, must bear the new revised label. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40

CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions about this letter, please contact Jennifer Gaines at 703-305-5967 or via email at gaines.jennifer@epa.gov.

Sincerely,

Elizabeth Fertich

FIRST AID	
If Swallowed:	<ul style="list-style-type: none">• Call a poison control center or doctor immediately for treatment advice or transport the patient to the nearest hospital.• Have person sip a glass of water if able to swallow.• Do not give anything by mouth to an unconscious person.• Do not induce vomiting unless told to do so by the poison control center or doctor.
If on Skin or on Clothing:	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor immediately for treatment advice.
Have product container or label with you when calling a poison control center, doctor, or going for treatment. For 24-hour emergency information on this product, call 1-800-498-5743 (US & Canada) or 1-651-523-0318 (all other areas).	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, and clothing.

Personal Protective Equipment (PPE):

Mixers, loaders, applicators, and other handlers must wear:

- Long-sleeved shirt,
- Long pants,
- Shoes and socks, and
- Chemical-resistant gloves (barrier laminate or Viton).

In addition to the above PPE, applicators using hand held foggers in an enclosed area must wear a half-face, full-face, or hood-style NIOSH-approved respirator with:

- organic vapor cartridges and combination R or P filters.

User Safety Requirements

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing them. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. Run-off from treated areas or deposition of spray droplets in water may be hazardous to fish and aquatic invertebrates.

Before making the first application in a season, it is advisable to consult with the state or tribal agency with primary responsibility for pesticide regulation to determine if other regulatory requirements exist. Do not apply over bodies of water (lakes, rivers, permanent streams, natural ponds, commercial fish ponds, swamps, marshes, or estuaries), except when necessary to target areas where adult mosquitoes are present, and weather conditions will facilitate movement of applied material away from the water in order to minimize incidental deposition into the water body. Do not contaminate bodies of water when disposing of equipment rinsate or wash waters.

This product is highly toxic to bees and other pollinating insects exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds if bees or other pollinating insects are foraging in the treatment area.

{**Note to Reviewer:** If the product is packaged in containers equal to or greater than 5 gal. or 50 lbs. add:}

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA. This pesticide is toxic to aquatic organisms, including fish and invertebrates. Drift and run-off may be hazardous to aquatic organisms in water adjacent to treatments areas. This product may contaminate water through runoff. This product has a potential for run-off for several months or more. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters, or surface waters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions, use restrictions, and precautions.

USE RESTRICTIONS

- Except when using as a mosquito adulticide, do not apply this product in a way that will contact workers or other persons either directly or through drift.
- Except when using as a mosquito adulticide, only protected handlers may be in the area during application.

- For use by federal, state, tribal, or local government officials responsible for public health or vector control or by persons certified in the appropriate category or otherwise authorized by the state or tribal lead pesticide regulatory agency to perform adult mosquito control applications or by persons under their direct supervision.
- The use of this product in food processing establishments should be confined to time periods when the plant is not in operation. Food should be removed or covered during treatment. All food processing plant surfaces should be covered during treatment or thoroughly cleaned with an effective cleaning compound and rinsed with potable water before reuse. Vacate treated area and ventilate before reoccupying.
- Remove pets, birds, and cover fish aquariums before spraying.
- Do not transport in temperatures below 32°F (0°C).

For use as a surface spray:

- Except when using as a mosquito adulticide, do not enter or allow others to enter until sprays have dried.

For use as a space spray:

- Except when using as a mosquito adulticide, do not enter or allow others to enter until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated.
- Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed.

For application to articles:

- Do not wet articles to the point of run-off or drip.
- Do not use treated articles until spray has dried.

INDOOR APPLICATIONS

For maximum effectiveness, a combination of spot surface treatment and fogging is recommended.

Surface Spraying

To Control Roaches, Ants, Silverfish, Spiders, Crickets, Clover Mites, Cheese Mites, Granary Weevils, Confused Flour Beetles, Red Flour Beetles, Saw-Toothed Grain Beetles, Spider Beetles, Meal Worms, Grain Mites, and Cadelles:

Use a good sprayer adjusted to deliver a coarse wet spray. Direct [the spray] [this product] into hiding places, cracks and crevices, under pallets, around containers of stored foods, around the bases of machinery, and behind shelves and drawers.

[To Control] Silverfish:

Spray bookcases.

[To Control] Ants:

Spray trails, nests, and points of entry. If surface application only is to be used, spray floors, walls, and other surfaces at a rate of 1 gallon [of this product] to 750 square feet of surface.

[To Control] Carpet Beetles:

Spray edges of carpeting under carpets and rugs. Make localized application to floor and baseboard. Spray [this product] directly into cracks, closets, and infested areas of shelving. Repeat treatment as needed.

[To Control] Bed Bugs:

Spray mattress lightly, particularly tufts and seams. Take bed frames apart and spray [this product] in all joints. Repeat treatment as needed.

[To Control] Fleas and Brown Dog Ticks:

Thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, moldings, window and door frames, and localized areas of floor and floor covering [with this product]. Fresh bedding should be placed in animal's quarters following treatment. Concurrent treatment of animals with an approved insecticide is recommended. Repeat treatment as necessary.

[To Control] Clothes Moths:

Remove any infested articles from storage, brush thoroughly, and air several hours in sunlight, if possible. Apply [spray] [this product] liberally to empty chests, closets, bureaus, and other storages, directing spray into cracks, joints, and crevices. After airing, infested articles may be treated lightly keeping nozzle at least 3 feet from fabric to avoid staining.

Space Spraying

To Control Flies, Fruit Flies, Gnats, Mosquitoes, Skipper Flies, Wasps, Hornets, Angoumois Grain Moths, Mediterranean Flour Moths, Indian Meal Moths, and Tobacco Moths:

Close door and windows and shut off ventilation systems. Apply [this product] with a good machine adjusted to deliver a fine mist or fog. Direct the spray at an upward angle, distributing it uniformly throughout the entire area at a rate of 3 to 6 ounces per 1,000 cubic feet of space.

Fogging

To Kill Accessible Stages of all of the Above-Named Crawling Insects:

Use at a rate of 1 gallon to 20,000 to 40,000 cubic feet of space. Contact insects directly whenever possible.

ON-ANIMAL USES

To Protect Cattle and Horses from:

Horn Flies, House Flies, Mosquitoes, and Gnats:

Apply a light mist [of this product] sufficient to wet the surface of the hair.

Stable Flies, Horse Flies, and Deer Flies:

Apply [this product] at a rate of 2 ounces per adult cow or horse, sufficient to wet the hair thoroughly. Repeat treatment daily or at intervals necessary to give continued protection.

Sucking Lice:

Apply [this product] to the infested areas of the animal using a stiff brush to get the spray to the base of the hair. Repeat every 2 or 3 weeks, as necessary.

Outdoor Mosquito Control

Apply [this product] as a fine mist to thoroughly treat the entire area. For best results, treat when the wind velocity does not exceed 5 miles per hour (m.p.h.). Treat shrubbery or vegetation where mosquitoes may rest, low marshy places, stagnant pools or ponds, and shore lines. Apply at a rate of 1.5 gallons per acre (4.5 ounces per 1,000 square feet). Using truck-mounted, conventional misting equipment, such as Rotomist models 51C, 91, or 100HT, and traveling at 5 m.p.h. to treat a 300-foot swath, calibrate equipment to deliver 4.5 gallons per minute.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Do not store under conditions which might adversely affect the container or its ability to function properly. Do not store below temperature of 32°F (0°C). Store in a safe manner. Store in original container only. Store in a cool, dry place. Keep container tightly closed when not in use. Reduce stacking height where local conditions can affect package strength. Personnel should use clothing and equipment consistent with good pesticide handling procedures.

PESTICIDE DISPOSAL: Pesticide, spray mixture, or rinsate that cannot be used according to label instructions must be disposed of according to applicable Federal, state, and local regulations.

CONTAINER HANDLING: *Nonrefillable container.* Do not reuse or refill this container.

If empty: Place in trash or offer for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

DISCLAIMER

[**DISCLAIMER:**] To the extent permitted by applicable law, Seller makes no representation or warranty, either express or implied, for results due to misuse, improper handling, or improper storage of this material. Nor does Seller assume any responsibility for injury to persons, crops, animals, soil, or property arising out of misuse, improper handling, or improper storage of this material.

OR

LIMITED WARRANTY

To the extent permitted by applicable law, Neogen Corporation makes no warranty concerning uses which extend beyond the use of the product under normal conditions in accord with the statements made on this label. To the extent permitted by applicable law, Neogen Corporation shall not be liable for (1) any consequential, incidental, or special damages related in any way to this product or its uses, or (2) any damages related in any way to resistance to pesticides.

OR

CONDITIONS OF SALE AND LIMITATIONS OF WARRANTY AND LIABILITY

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitations of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

To the extent permitted by applicable law, Manufacturer and Seller warrant that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. To the extent permitted by applicable law, this warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to or beyond the control of Seller or Manufacturer, and Buyer and User assume the risk of any such use. To the extent permitted by applicable law, MANUFACTURER AND SELLER MAKE NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE, NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY, EXCEPT AS STATED ABOVE.

To the extent permitted by applicable law, in no event shall Manufacturer or Seller be liable for any incidental, consequential, or special damages resulting from the use or handling of this product. TO THE EXTENT PERMITTED BY APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES, OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY, OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF THE MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.

Manufacturer and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitations of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Manufacturer.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

{**Note to reviewer:** No environmental hazard statements are required for products labeled only for indoor use.}

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ THIS LABEL: Read this entire label and follow all use directions, use restrictions and precautions.

USE RESTRICTIONS

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Not for use in outdoor residential misting systems.
- Not for use with a metered release device.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Remove pets, birds, and cover fish aquaria before spraying.
- Do not transport in temperatures below 32°F (0°C).

For use as a surface spray:

- Do not apply this product in a way that will contact adults, children, or pets either directly or through drift. Remove pets, birds, and cover fish aquariums before use.
- Do not allow adults, children, or pets to enter until sprays have dried.

For use as a space spray:

- Do not apply this product in a way that will contact adults, children, or pets either directly or through drift. Remove pets, birds, and cover fish aquariums before use.
- Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed.
- Do not allow adults, children, or pets to enter until vapors, mist, and aerosols have dispersed and the treated area has been thoroughly ventilated.

For application to articles:

- Do not wet articles to the point of run-off or drip.
- Do not use treated articles until spray has dried.

INDOOR APPLICATIONS

For maximum effectiveness, a combination of spot surface treatment and fogging is recommended.

Surface Spraying

To Control Roaches, Ants, Silverfish, Spiders, Crickets, Clover Mites, Cheese Mites, Granary Weevils, Confused Flour Beetles, Red Flour Beetles, Saw-Toothed Grain Beetles, Spider Beetles, Meal Worms, Grain Mites, and Cadelles:

Use a good sprayer adjusted to deliver a coarse wet spray. Direct [the spray] [this product] into hiding places, cracks and crevices, under pallets, around containers of stored foods, around the bases of machinery, and behind shelves and drawers.

[To Control] Silverfish:

Spray bookcases.

[To Control] Ants:

Spray trails, nests, and points of entry. If surface application only is to be used, spray floors, walls, and other surfaces at a rate of 1 gallon [of this product] to 750 square feet of surface.

[To Control] Carpet Beetles:

Spray edges of carpeting under carpeting and rugs. Make localized application to floor and baseboard. Spray directly into cracks, closets and infested areas of shelving. Repeat treatment as needed.

[To Control] Bed Bugs:

Spray mattress lightly, particularly tufts and seams. Take beds apart and spray in all joints. Repeat treatment as needed.

[To Control] Fleas and Brown Dog Ticks:

Thoroughly spray infested areas, pet beds, resting quarters, nearby cracks and crevices, along and behind baseboards, moldings, window and door frames, and localized areas of floor and floor

covering. Fresh bedding should be placed in animal quarters following treatment. Concurrent treatment of animals with an approved insecticide is recommended. Repeat treatment as necessary.

[To Control] Clothes Moths:

Remove any infested articles from storage, brush thoroughly, and air several hours in sunlight, if possible. Apply spray liberally to empty chests, closets, bureaus, and other storages, directing spray into cracks, joints, and crevices. After airing, infested articles may be treated lightly keeping nozzle at least 3 feet from fabric to avoid staining.

Space Spraying

To Control Flies, Fruit Flies, Gnats, Mosquitoes, Skipper Flies, Wasps, Hornets, Angoumois Grain Moths, Mediterranean Flour Moths, Indian Meal Moths, and Tobacco Moths:

Close door and windows and shut off ventilation systems. Apply [this product] with a good machine adjusted to deliver a fine mist or fog. Direct the spray at an upward angle, distributing it uniformly throughout the entire area at a rate of 3 to 6 ounces per 1,000 cubic feet of space.

Fogging

To Kill Accessible Stages of all of the Above Names Crawling Insects:

Use at a rate of one gallon to 20,000 to 40,000 cubic feet of space. Contact insects directly whenever possible.

ON-ANIMAL USES

To Protect Cattle and Horses from:

Horn Flies, House Flies, Mosquitoes, and Gnats:

Apply a light mist [of this product] sufficient to wet the surface of the hair.

Stable Flies, Horse Flies, and Deer Flies:

Apply [this product] at a rate of 2 ounces per adult cow or horse sufficient to wet the hair thoroughly. Repeat treatment daily or at intervals necessary to give continued protection.

Sucking Lice:

Apply [this product] to the infested areas of the animal using a stiff brush to get the spray to the base of the hair. Repeat every 2 or 3 weeks, as necessary.

STORAGE AND DISPOSAL

PESTICIDE STORAGE: Do not store under conditions which might adversely affect the container or its ability to function properly. Do not store below temperature of 32°F (0°C). Store in a safe manner. Store in original container only. Store in a cool, dry place. Keep container tightly closed when not in use.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Pesticide, spray mixture or rinsate that cannot be used according to label instructions must be disposed of according to applicable Federal, state, and local regulations.

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
