Subject: Label Notification(s) for Pesticide Registration Notice 98-10 and 2007-4

1. Other minor changes
2. Alternate Brand Name: Prozap Dairy Cattle Spray 1

Dear Mr. Rogosheske:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 dated September 9, 2009 for:

EPA Registration 47000-157

**SK Surekill Brand Pyrethrin Plus Spray
Insecticide with Vapona**

The Registration Division (RD) has conducted a review of this request for applicability under PR Notices 98-10 and 2007-4 and finds that the label changes requested falls within the scope of PR Notices 98-10 and 2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-5551.

Sincerely,

Linda Arrington

Subject: NOTIFICATION

**SK Surekill Brand Pyrethrin Plus Spray Insecticide with Vapona
EPA Reg. No. 47000-157**

Notification Team:

Chem-Tech, Ltd. is submitting the subject product for notification to add an Alternate Brand Name and to update the First Aid and Storage and Disposal statements to comply with current PR Notices for these areas.

The Alternate Brand Name will be: **Prozap® Dairy Cattle Spray 1**. All changes with regard to this notification are being filed in accordance with PR-Notice 98-10 and therefore do not require any PRIA registration fee.

Along with the application form are two (2) copies of the label with the changes highlighted on one. If there are any questions regarding this submission please contact this office.

Sincerely,

Steven E. Rogosheske
Director Regulatory Affairs

PROZAP® DAIRY CATTLE SPRAY 1

DOUBLE ACTION

Kills and Repels horn flies, stable flies, mosquitoes and gnats
VAPONA - PYRETHRIN

ACTIVE INGREDIENTS:

Table listing active ingredients: Pyrethrins (0.050%), * Technical Piperonyl Butoxide (0.100%), Dichlorvos (0.465%), Related Compounds (0.035%), **OTHER INGREDIENTS (99.350%), and TOTAL (100.000%).

*Consists of .08% (butylcarbityl) (6-propylpiperonyl) ether and .02% other related compounds.
**Contains petroleum distillate.

For Agricultural/Commercial use only

KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID

- If swallowed: Call poison control center or doctor immediately...
If on skin or clothing: Take off contaminated clothing...
If inhaled: Move person to fresh air...
If in eyes: Hold eye open and rinse slowly...

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For emergency information contact the National Pesticide Information Center at 1-800-858-7378.

Note to physician: Solvent presents aspiration hazard, Gastric lavage is indicated if material was taken internally. DDVP (Vapona) is an organophosphate insecticide...

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid inhalation of vapor or spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating or smoking. Wear a pesticide respirator with either an organic vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number TX-23C), or a canister approved for pesticides (MSHA/NIOSH) approval number TC-14G when applying indoor as a space spray or fog.

Do not contaminate water, food or foodstuffs. Do not apply to animals under 6 months of age. Brahman or Brahman cross cattle should not be treated, as they may show hypersensitivity to organophosphates.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use this product safely. Read entire label before using. This is a dual purpose formula designed to protect dairy and beef cattle from attacks from biting flies in barns and out on the pasture, and also to function as an effective space spray for quick knockdown and kill of flies in barns.

Animal Spray:

To protect animals against attacks of stable flies, horn flies, mosquitoes and gnats, apply just enough to wet ends of hairs but not enough to soak the hide. Special care should be used in spraying the legs, belly and shoulders. Avoid areas around the nose, eyes and mouth. One or two ounces is enough to treat and adult cow. Apply once daily, preferably in the morning, for protection during the day. Do not make direct application to livestock more frequently than once per day. Repeat daily or as necessary for continued protection.

Do not apply in excess of two fluid ounces per animal per day. Do not spray udders of lactating dairy animals. For milking dairy animals, apply 20 to 30 minutes before beginning to milk. Do not apply to animals under 6 months of age.

Space Spray for Barn Fly Control:

To attain quick knockdown and kill of flies, gnats and mosquitoes in enclosed spaces, spray toward ceiling and corners until space is filled with light mist. Apply at the rate of one to two ounces per 1000 cubic feet. Do not treat animals or humans. Do not contaminate water, feed or food stuffs, milk or milking utensils. Do not use in areas where animals have received direct application within 8 hours.

Remove animals prior to treatment. For best results, close all windows and doors prior to spraying and keep them closed for 10 to 15 minutes after spraying. When used in enclosed areas, do not remain in treated areas after spraying. Ventilate before re-entering.

6096

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

STORAGE: Store in a cool, dry, secure area in original container.

PESTICIDE DISPOSAL and CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
