UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
WASHINGTON, D.C. 20460

OFFICE OF
PREVENTION, PESTICIDES
AND TOXIC SUBSTANCES

June 3 2010

Mr. Steven E. Rogosheske
Chem-Tech, Ltd.
4515 Fleur Drive, #303
Des Moines, IA 50321

Subject: Label Notification(s) for Pesticide Registration Notice 98-10
Addition of Alternate Brand Name

Dear Mr. Rogosheske:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice PRN 98-10 dated May 14, 2010 for the following product(s):

**SK SureKill Brand Pyrethrin Plus Spray Insecticide with Vapona
EPA Reg. No. 47000-157**

Alternate Brand Name: Prozap Dairy Cattle Spray

The Registration Division (RD) has conducted a review of this request for applicability under PRN 98-10 and finds that the label change(s) requested falls within the scope of PRN-98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard J. Gebken".

Richard J. Gebken
Product Manager
Insecticide Branch
Registration Division (7505P)

Please read instructions on reverse before completing form.

Form Approved. OMB No. 2070-0060. Approval expires 2-28-

Enclosures

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid inhalation of vapor or spray mist. Avoid contact with skin, eyes and clothing. Wash thoroughly with soap and water after handling and before eating or smoking. Wear a pesticide respirator with either an organic vapor removing cartridge with a prefilter approved for pesticides (MSHA/NIOSH approval number TX-23C), or a canister approved for pesticides (MSHA/NIOSH) approval number TC-14G when applying indoor as a space spray or fog.

Do not contaminate water, food or foodstuffs. Do not apply to animals under 6 months of age. Brahman or Brahman cross cattle should not be treated, as they may show hypersensitivity to organophosphates.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Use this product safely. Read entire label before using. This is a dual purpose formula designed to protect dairy and beef cattle from attacks from biting flies in barns and out on the pasture, and also to function as an effective space spray for quick knockdown and kill of flies in barns.

Animal Spray:

To protect animals against attacks of stable flies, horn flies, mosquitoes and gnats, apply just enough to wet ends of hairs but not enough to soak the hide. Special care should be used in spraying the legs, belly and shoulders. Avoid areas around the nose, eyes and mouth. One or two ounces is enough to treat an adult cow. Apply once daily, preferably in the morning, for protection during the day. Do not make direct application to livestock more frequently than once per day. Repeat daily or as necessary for continued protection.

Do not apply in excess of two fluid ounces per animal per day. Do not spray udders of lactating dairy animals. For milking dairy animals, apply 20 to 30 minutes before beginning to milk. Do not apply to animals under 6 months of age.

Space Spray for Barn Fly Control:

To attain quick knockdown and kill of flies, gnats and mosquitoes in enclosed spaces, spray toward ceiling and corners until space is filled with light mist. Apply at the rate of one to two ounces per 1000 cubic feet. Do not treat animals or humans. Do not contaminate water, feed or food stuffs, milk or milking utensils. Do not use in areas where animals have received direct application within 8 hours.

Remove animals prior to treatment. For best results, close all windows and doors prior to spraying and keep them closed for 10 to 15 minutes after spraying. When used in enclosed areas, do not remain in treated areas after spraying. Ventilate before re-entering.
