NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit to the Agency all data required for registration of your product under FIFRA section 3(c)(5) and the Agency requires all registrants of similar products to submit such data.

2. Make the following changes list below for you release the product for shipment:

- a. Add the phrase "EPA Registration No. 47056-45."
- b. Place "DIRECTIONS FOR USE" followed by the misuse statement at the top of the back panel.
- c. Place the sentence "Always replace cap on tank after use," after "Do not use on metal surfaces."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the 4-7 enclosure for a full description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

2063

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(a). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

TURFIC ROACH & ANT BAIT-GEL

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a
manner inconsistent with its labeling. Always replace
cap on tube after use.

KILLS ROACHES, SILVERFISH AND ANTS

WHERE & HOW TO USE

Use in Homes and other areas as listed

May be used in Food Storage Areas, Processing & Serving
Areas, in Bath Rooms, Sleeping Rooms, Closets, and Food
Disposal Areas. Do not place bait in areas accessible to
children or pets. Do not use on Marble surfaces.

This product is a ready to use Bait-Gel. Apply by squeezing
through the applicator tip. Apply liberally to cracks & crevices;
under & behind refrigerators, stoves, sinks, dishwashers,
washing machines, dryers and tubs; into cracks & crevices
around drains, water pipes and electrical conduits; along
baseboards, corners of cabinets, cupboards & closets. Re-
move all lower drawers in kitchen & bathroom cabinets, bed-
room dressers and chests of drawers. Apply a "strip" of Bait-
Gel along the undersides or backs of drawers, & the undersides
of tables, & counters. Scrape any visible Gel into cracks &
crevices or recesses. In new construction of walls, soffits, cabi-
nets & flooring apply to joints of basic structural supports before
finished coverings are placed into position. This makes Preach
& Ant Bait-Gel available within the structure. The Bait will stick
to undersides of tables, sinks and storage walls. Bait remains
soft and ready for insect feeding until consumed.

FOOD HANDLING ESTABLISHMENTS

May be used in places other than private residences in which
food or feed is held, processed, prepared or served. Apply Bait-
Gel liberally to cracks & crevices in areas of roaching, storage,
packing (canning, bottling, wrapping, boxing), preparing,
edible waste storage and enclosed processing systems (mills,
delftes, edible oils, syrup.) Serving areas (when food is ex-
posed and facility is in operation) also would be considered a
food area.

Apply liberally to points between different elements of con-
struction between equipment & floors, openings leading to
voids & hollow spaces in walls, equipment legs & bases,
conduits, motor housings & to electrical switch box
housings where cockroaches hide. The Bait-Gel may be ap-
plied to the undersides or vertical portions of these structures.
Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS
OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN
AS A CRACK AND CREVICE TREATMENT, ARE
NOT PERMITTED

SERVING AREAS: Facilities where prepared foods are served,
such as dining rooms, but excluding areas where food may be
prepared or held. Apply as a spot treatment to the undersides
of and on selective surfaces such as baseboards, under
elements of construction and into cracks and crevices. Do not
treat surfaces likely to be contacted by food. Do apply when
facility is in operation or foods are exposed.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals
CAUTION: Harmful if swallowed. May cause eye irritation.
Avoid contact with eyes. Wash thoroughly after handling &
before eating or smoking. Place Bait in areas inaccessible to
children and pets. Do not contaminate food or foodstuffs.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.
STORAGE: Store product in original container in a cool, dry,
locked place out of reach of children. Do not allow product to
freeze. DISPOSAL: Do not reuse empty container. Thoroughly
rinse before discarding in trash.

NOTICE: Buyer and user assumes all risk and liability of use
storage and/or handling of this material not in accordance
with the terms of this label.
