

ALGAECIDE is efficient, economical and stable in use dilution.

ALGAECIDE is compatible with most chemicals used in pool water and will not damage tile, concrete, metal or plastics.

ALGAECIDE keeps pool water free and sparkling, clear of visible green and blue algae, slime and green brown colors.

ALGAECIDE improves filter operation and cuts down need for other chemicals.

ALGAECIDE imparts tone and a pleasant "feel" to swimming pool water.

Precautionary Statements

Hazards to Humans and domestic animals

DANGER

Keep Out of Reach of Children Corrosive Causes eye and skin damage Do not get in eyes, on skin, or on clothing Wear goggles or face shield and rubber gloves when handling Harmful if swallowed Avoid contamination of food

Directions for Use GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ALGAECIDE 12D should be added along pool edges while filter and pump are in operation. To allow time for even distribution in pool water, bathers should allow 10 minutes after treatment before entering pool.

Initial Application: To a cleaned pool add one gallon to 25000 gallons of water, or ratio thereof.

Maintenance Dose: Use one quart per 25000 gallons of water every 5 to 7 days. When weather is hot or bathing load is heavy, use this dosage every 5 days or as necessary.

Booster Dose: Immediately after every rain add one quart per 25000 gallons of water as above.

Important: Follow above directions without fail, even when pool is not used. Algae growth must be fought at all times.
