**USE DIRECTIONS FOR SEVANA BIRD REPELLENT**

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**GENERAL INFORMATION**

Sevana Bird Repellent is composed of high quality, food grade ground garlic (allium sativum), and ground red peppers (capsicum). It is used to repel horned larks, house finches, house sparrows, linnets and starlings from attacking the crops of grapes, other fruits, grains and nuts.

**APPLICATION DIRECTIONS**

1. Grapes and other fruits: Apply Sevana powder at a rate of 25 to 30 lbs/ Ac by ground or aerial applicator systems when fruits begin to color or show signs of maturity. For additional protection, make successive applications at a rate of 20 to 25 lbs/ Ac every 8 to 10 days and up to 10 days before harvest.

2. Grapes and Nuts: Apply Sevana powder at a minimum rate of 30 lbs/ Ac whenever needed and up to 8 days before harvest.

**WARRANTY**

The use of this material being beyond our control and involving elements of risk to human beings, animals and vegetation, we do not make any warranty express or implied, as to the effects of such use, when this product is not used in accordance with the directions as stated on this label.
