Section - IV

1. Contact Point (Complete items directly below for identification of individual to be contacted, if necessary, to process this application.)		
Name Joseph Robinson	Title Director, Regulatory and Technical Services	Telephone No. (include Area Code)
2. Signature <i>Joseph Robinson / KRU</i>		3. Title Director, Regulatory and Technical Services
4. Typed Name Joseph Robinson		5. Date 10/8/96
Certification I certify that the statements I have made on this form and all attachments thereto are true, accurate and complete. I acknowledge that any knowingly false or misleading statement may be punishable by fine or imprisonment or both under applicable law.		6. Date Application Received (Stamped)

SAK-64L CLEANER

CLEANER, DEODORANT, AND DISINFECTANT

DILUTION: 1:64 2 OUNCES PER GALLON OF WATER

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR DISINFECTING: Apply to walls, floors, garbage cans, and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, bathroom fixtures, shower doors, doorknobs, handles, sinks and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces for a contact time of 10 minutes. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution daily or when used solution becomes visibly dirty.

KITCHENS: Kitchen floors collect both traffic dirt and germs. Use ¼ cup per gallon of water, or full strength anywhere greasy dirt is a problem.

BATHROOMS: Great for cleaning and deodorizing basins, tubs, and tiles. Leaves everything bright and clean. Kills odor-causing household germs. Odors disappear instantly. Use ¼ cup per gallon of water, or full strength where odors are a problem.

TO CLEAN AND DISINFECT TOILET BOWLS: Remove or expel over the inner trap residual bowl water prior to applying solution. Use 3 ounces of concentrate in toilet bowl. Squeeze around bowl and under rim. This product, when used as directed will not harm white or colored bowls or inanimate, hard surfaces. Close cap on container after use.

FOR CLEAN, FRESH, HYGENIC LAUNDRY /DIAPERS:

For extra cleaning power plus deodorizing action, add ¼ cup to regular soap or detergent. Makes laundry fresh and odor free: especially good for grimy work clothes. For stubborn stains and spots, pre-dampen with full strength before adding to wash load. To kill odor-causing bacteria in diapers, presoak in ½ cup per gallon of water.

MILDEWSTATIC INSTRUCTION: Will effectively inhibit the growth of mold and mildew plus the odors caused by them when applied to hard, non-porous surfaces such as walls, floors, and table tops. Apply solution (¼ cup to 1 gallon of water) with a cloth, mop or sponge making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application weekly or when growth reappears.

For use in federally inspected meat and poultry plants as a general cleaning agent on all surfaces, or for use with steam or mechanical cleaning device in all departments. Before use of this compound, food products and packaging materials must be removed from the room or carefully protected. After use of this compound, all surfaces in the area must be thoroughly rinsed with potable water, 2 ounces per gallon of water.

New. Is effective against odor causing germs on hard non-porous environmental surfaces. Prevents mold and mildew. For use in the home, schools and colleges, day care facilities, office buildings and federally inspected meat and poultry plants

Big job size, fresh scent, cuts grease, cleans & shines, kills odor causing germs and odor causing bacteria for the entire house.

With all the news about germs and bacteria, just looking clean isn't enough. SAK-64L Cleaner does it all - cleans, shines, disinfects, and deodorizes - for a complete clean. Unlike ordinary cleaners and disinfectants, this advanced cleaner not only wipes out tough grease and grime, it kills odor-causing germs all around the house. There's nothing left behind but a brilliant, streak-free shine, plus a light fresh scent. SAK-64L Cleaner brings a combination of powerful cleaners plus antibacterial disinfectants, so you can be sure your home is completely clean.

Bottle made of 25% Post-Consumer Plastic

ACTIVE INGREDIENT:

n-Alkyl (C₁₄ 50%, C₁₂ 40%, C₁₆ 10%)
dimethyl benzyl ammonium chloride 2.70%
INERT INGREDIENTS: 97.30%

17-17 Route 208
Fair Lawn, NJ 07410

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician immediately. If swallowed, drink promptly a large quantity of water. Call a physician immediately.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes eye and skin irritation. Harmful if swallowed. Wash contaminated clothing before reuse. Avoid contamination of food, water or feed. To protect eyes, wear goggles or face shield and to protect skin, wear rubber gloves.

ENVIRONMENTAL HAZARDS (For 5 gallon & larger only)

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinseate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instruction, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

1 GALLON OR LESS

Do not reuse empty container. Rinse thoroughly before discarding in trash. Securely wrap original container in several layers of newspaper and discard in trash.

5 GALLONS

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incinerate, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

FIBER DRUMS WITH LINERS

Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of in the same manner

METAL CONTAINERS

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or dispose of by other procedures approved by state and local authorities.

GENERAL

Consult federal, state or local authorities for approved alternative procedures such as limited open burning.
