2 Signature <i>Joseph Robinson / KM</i>	3 Title Director, Regulatory and Technical Affairs	
4 Typed Name Joseph Robinson	5 Date 12/2/96	

SAK-64L CLEANER

CLEANER, DEODORANT, AND DISINFECTANT

DILUTION 1 64 2 OUNCES PER GALLON OF WATER

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR DISINFECTING Apply to walls, floors, garbage cans and other hard (nonporous) surfaces such as tables, chairs, countertops, bathroom fixtures, shower doors, doorknobs, handles, sinks and bedframes with a cloth mop or mechanical spray device so as to thoroughly wet surfaces for a contact time of 10 minutes. For heavily soiled areas a preliminary cleaning is required. Prepare a fresh solution daily or when used solution becomes visibly dirty.

KITCHENS Kitchens floors collect both traffic dirt and germs. Use ¼ cup per gallon of water or full strength anywhere greasy dirt is a problem.

BATHROOMS Great for cleaning and deodorizing basins, tubs and tiles. Leaves everything bright and clean. Kills odor-causing household germs. Odors disappear instantly. Use ¼ cup per gallon of water or full strength where odors are a problem.

TO CLEAN AND DISINFECT TOILET BOWLS Remove or expel over the inner trap residual bowl water prior to applying solution. Use 3 ounces of concentrate in toilet bowl. Squeeze around bowl and under rim. This product when used as directed will not harm white or colored bowls or mammate hard surfaces. Close cap on container after use.

FOR CLEAN FRESH HYGENIC LAUNDRY/DIAPERS

For extra cleaning power plus deodorizing action, add ¼ cup to regular soap or detergent. Makes laundry fresh and odor free, especially good for grimy work clothes. For stubborn stains and spots, pre-dampen with full strength before adding to wash load. To kill odor-causing bacteria in diapers, presoak in ½ cup per gallon of water.

MOLD RESISTANT INSTRUCTION Will effectively inhibit the growth of mold and mildew plus the odors caused by them when applied to hard, nonporous surfaces such as walls, floors and table tops. Apply solution (¼ cup to 1 gallon of water) with a cloth mop or sponge making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application weekly or when growth reappears.

For use in federally inspected meat and poultry plants as a general cleaning agent on all surfaces or for use with steam or mechanical cleaning devices in all departments. Before use of this compound food products and packaging materials must be removed from the room or carefully collected. After use of this compound all surfaces in the area must be thoroughly washed with 2 ounces per gallon of water.

New Is effective against odor causing germs on hard nonporous environmental surfaces. Prevents mold and mildew. For use in the home, schools and colleges, day care facilities, office buildings and federally inspected meat and poultry plants.

Big job size fresh scent, cuts grease, cleans & shines, kills odor-causing germs and odor-causing bacteria for the entire house.

With all the news about germs and bacteria, just looking clean isn't enough. SAK 64L Cleaner does it all: cleans, shines, disinfects and deodorizes for a complete clean. Unlike ordinary cleaners and disinfectants, this advanced cleaner not only wipes out tough grease and grime, it kills odor-causing germs all around the house. It does nothing left behind but a brilliant streak free shine plus a light fresh scent. SAK 64L Cleaner brings a combination of powerful cleaners plus 11 antibacterial disinfectants so you can be sure your home is completely clean.

Bottle made of 25% Post-Consumer Plastic

ACTIVE INGREDIENT

n-Alkyl (C₁₄ 50%, C₁₂ 40%, C₁₆ 10%)

STATEMENT OF PRACTICAL TREATMENT In case of contact immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician immediately. If swallowed, drink promptly a large quantity of water. Call a physician immediately.

NOTIFY PHYSICIAN Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING Causes eye and skin irritation. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wash contaminated clothing before reuse. Avoid contamination of food, water or feed. To protect eyes wear goggles or face shield and to protect skin, wear rubber gloves.

ENVIRONMENTAL HAZARDS (1 or 5 gallon & larger only)

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters, unless in accordance with the requirements of a National Pollution Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

STORAGE AND DISPOSAL

PESTICIDE DISPOSAL Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide spray mixtures or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

1 GALLON OR LESS

Do not reuse empty container. Rinse thoroughly before discarding in trash. Securely wrap or seal container in several layers of newspaper and discard in trash.

5 GALLONS

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or incinerate or follow by state and local authorities by burning. If burned, stay out of smoke.

FIBER DRUMS WITH LINERS

Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Entirely residue into appropriate equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drums so contaminated they cannot be reused, disposal of in the same manner.

METAL CONTAINERS

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or dispose of by other procedures approved by state and local authorities.

GENERAL

Consult federal, state or local authorities for approved alternative procedures such as limited open burning.
