

ALGAE SLIMING PROBLEM IN COOLING TOWER WATER SYSTEMS
 4. Its clean and low silt content keeps cooling tower surfaces
 will control algae and slime growth found in recirculating
 cooling tower waters and not introduce a foam problem.

**DIRECTIONS FOR USE
 GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

To Control Algae and Algae Slime: Initially use 16 fluid ounces per 1000 gallons of water to be treated (60 ppm active quaternary). Should the above dosage not give satisfactory results, use 21 fluid ounces per 1000 gallons of water. Repeat the initial dose every seven days or increase the frequency if needed.

When the above treatment level is successful, use 6 to 9 fluid ounces per 1000 gallons of water to maximize efficiency. Repeat weekly as needed. Should slime develop again, return to initial dosage.

Cooling tower waters that are inherently low in algae growth may be adequately controlled by the lower range of these dosages; slug feed every seven days.

Dilute the appropriate amount of product in 1 to 2 gallons of water then add to remainder of the tower.

Active Ingredient
 Dioctyl dimethyl ammonium chloride 10%

Inert Ingredients 90%

Total 100%

DANGER: KEEP OUT OF REACH OF CHILDREN
ONLY FOR SALE TO, USE AND STORAGE BY SERVICE PERSONS.

STATEMENT OF PRACTICAL TREATMENT
 In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
 Corrosive. Causes severe eye and skin damage. Do not get in eyes or on skin. Wash contaminated clothing before reuse. Wear goggles or face shield and rubber gloves when handling. Non-harmful or fatal if swallowed. Avoid contamination of food.

ENVIRONMENTAL HAZARDS
 The product is toxic to fish. Do not discharge into lakes, streams, ponds or public water supplies in accordance with an NPDES permit. For guidance, contact your Regional Office of the Environmental Protection Agency.

Physical and Chemical Hazards
 DIOCTYL DIMETHYL AMMONIUM CHLORIDE, cationic. Do not mix with soap or anionic materials. Do not use, pour, or store near heat or open flame.

STORAGE AND DISPOSAL
 This product must be kept under locked storage sufficient to make it inaccessible to children or persons unfamiliar with its proper use. Do not contain water, food, or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE DISPOSAL
 Pesticide, spray mixture, or rinse water that cannot be used according to label instructions must be disposed of according to Federal or approved state procedures under Section 6 of the Resource Conservation and Recovery Act.

CONTAINER DISPOSAL
 Triple rinse (or equivalent). Then offer for recycling or reconditioning, or dispose of in a sanitary landfill, or by incineration if allowed by state and local authorities.

GENERAL
 Contains

DEC 23 1982
 Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 47571-15

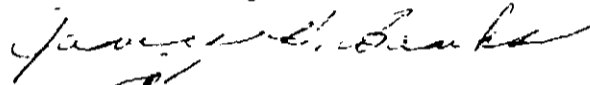

47371-74

- d. Include the precautionary statement "Wash thoroughly with soap and water after handling" after "Wear goggles or..."
- e. Revise the statement "This product is toxic to fish" to read "This pesticide is toxic to fish."
- f. Revise the statement "Do not use pour... flame" to read "Do not use pour, spill or store near heat or open flame."
- g. Include the company address on the label.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
