2. Signature 		3. Title Technical Director	
4. Typed Name Marijo Doody		5. Date 4-28-95	

Penetrates and dissolves soap scum, ground in dirt and grime, mineral deposits and hard water stains. Cleans and shines without abrasive scouring action. Regular use keeps toilet bowls sparkling white. Excellent for brightening colored toilet bowls. Harmless to plumbing and septic tanks.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

BATHROOM/KITCHEN: Great for cleaning and deodorizing all tile, stainless steel sinks, fiberglass shower walls/doors, basins, chrome fixtures, and toilet bowls. For shower stalls, starting at the bottom and working toward the top, simply apply foam on the surface and spread with brush, sponge or cloth. Let stand for 10 minutes. Scrub to loosen stubborn soap scum, mineral deposits and other accumulations. Rinse with water. Leaves everything bright and clean... kills odor causing household germs. Odors disappear instantly. Use full strength where odors are a problem.

***NOTE:** Some older sinks may be etched or discolored by this product. Test on small hidden area first. Do not use on decorative brass figures, polished aluminum, natural or synthetic marble. Do not place container on formica.

TO REMOVE STUBBORN STAINS:

For hard water stains, follow directions above. Then apply more product directly to stained areas. Let stand at least 15 minutes, brush and flush. Repeat if necessary.

MILDEWSTATIC PERFORMANCE: This ready to use product will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard, nonporous surfaces (as indicated above). Allow to dry on surface and repeat weekly or when mildew growth returns.

USDA: For use in USDA federally inspected meat and poultry plants as an acid cleaner in all departments. Before use of this compound, food products and packaging material must be removed from the room or carefully protected. After use of this compound, all surfaces in the area must be thoroughly rinsed with potable water.

STATEMENT OF PRACTICAL TREATMENT

INTERNAL: Give large quantities of water. Follow with milk of magnesia, beaten eggs or vegetable oil. Do not induce vomiting. Call a physician immediately.

EXTERNAL: In case of contact, flush eyes or skin with plenty of water for 15 minutes. For eyes get prompt medical attention.

EPA Reg. No. 47371-101-8370
EPA Est. No. 8370-IL-1

For Commercial and Industrial Use Only.

White Ocean Foam

Ready to Use

Porcelain & Tile Cleaner-Disinfectant

An effective general purpose disinfectant against odor-causing bacteria only. For use in schools and colleges, office buildings and federally inspected meat and poultry plants.

ACTIVE INGREDIENTS:

Didecyl dimethyl ammonium chloride.....	1.35%
