OFFICE OF PREVENTION, PESTICIDES AND TOXIC SUBSTANCES

SEP 9 2008

Ms. Georgia Anastasiou
Agent for Lonza, Inc.
122 C Street, NW Ste. 740
Washington, DC 20001

Subject: **Formulation RUT-6075A**
EPA Registration Number 47371-155
Application Date June 11, 2008
EPA Received Date June 11, 2008

Dear Anastasiou:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended is acceptable.

Proposed Amendments:

- Response to Agency letter dated 12/18/07

General Comments:

A stamped copy of the acceptable labeling is enclosed. Submit one (1) copy of your final printed labeling before distributing or selling the product bearing the revised labeling.

Should you have any questions or comments concerning this letter, please contact Drusilla Copeland at (703) 308-6224.

Sincerely,

Velma Noble
Product Manager (31)
Regulatory Management Branch I
Antimicrobials Division (7501P)

Enclosure: stamped label

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMAN AND DOMESTIC ANIMALS**

CAUTION. Harmful if absorbed through the skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling poison control center or doctor or going for treatment.

PHYSICAL AND CHEMICAL HAZARDS

Flammable. Keep away from heat or open flame.

(For 5 gallon & larger only)

ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

4/6

A hard surface disinfectant and space deodorant. It is effective against *Pseudomonas aeruginosa*, *Salmonella choleraesuis*, *Staphylococcus aureus*, and other odor-causing bacteria on environmental surfaces, such as toilet seats, telephones, wash basins, metal beds and springs, conveyor belts and rollers, trash containers, carts, hampers, lockers, door knobs, and glazed tile.

As a space spray, it is effective in deodorizing locker rooms, meeting rooms, bathrooms and shower rooms, classrooms, closets, laundry chutes, and sick rooms.

For use in schools, colleges, office buildings, hospitals, nursing homes, hotels, motels, gas stations, in motor vehicles and in the household.

*Virucidal against Herpes Simplex type 2.

An effective mildewstat on precleaned hard, nonporous, environmental surfaces.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Aged or infirmed people must be removed from the room before spraying.

FOR DISINFECTING: Remove gross filth and heavy soil deposits. Preclean all surfaces prior to disinfection. Hold sprayer about 6 to 8 inches from surface and spray until surface is thoroughly wet for a contact time of 10 minutes. No dilution necessary. Let air dry or wipe dry.

Rinse all surfaces that come in contact with food such as countertops, appliances, tables and stovetops with potable water before reuse. Do not use on utensils, glassware, dishes or appliance interiors.

TO DEODORIZE: Use a space spray. Spray upwards toward center of the room. The number of trigger strokes will depend on the size of the room and severity of the odor problem. No dilution necessary.

MILDEWSTATIC INSTRUCTIONS: Will effectively inhibit the growth of mold and mildew plus the odors caused by them when applied to precleaned, hard, nonporous environmental surfaces such as floors and walls. Apply by spraying surfaces until thoroughly wet. Let air dry. Repeat application weekly or more often if growth reappears.

(Note for reviewer: For labels that list medical premises and metal and / or stainless steel surfaces, one of the following statements must be used:)

This product is not to be used as a terminal sterilant / high level disinfectant on any surface or instrument that (1) is introduced directly into the human body, either into or in contact with the bloodstream or normally sterile areas of the body, or (2) contacts intact mucous membranes but which does not ordinarily penetrate the blood barrier or otherwise enter normally sterile areas of the body. [optional: This product may be used to preclean or decontaminate critical or semi-critical medical devices prior to sterilization or high level disinfection.]

(or)

This product is not for use on medical device surfaces.

DISINFECTING CONVEYOR BELTS:

Remove large pieces of soil from the belt's surfaces, the belt support system and related equipment. When cleaning the conveyor belt, work in a top-down, inside-edge-of-belt to outside-edge-of-belt, ordered pattern. Pre-rinse the belt and support system with water. Apply compatible foaming detergent mixture to the belt and support system. Do not allow the detergent to dry. Re-rinse the belt and support system with water. Apply FORMULATION RTU-6075A to the belt and support system surfaces. Run the belt as FORMULATION RTU-6075A is applied in order to ensure that all parts of the belt and support system remain wet for 10 minutes. Allow surfaces to air dry or wipe dry.

5/6

(Note to reviewer: If the container size is one gallon or less, the following storage and disposal statements will be used:)

STORAGE AND DISPOSAL

Store in original container in areas inaccessible to children. Do not store on side. Avoid creasing or impacting of side walls. Offer for recycling if available or discard in trash.

(Note to Reviewer: For Nonrefillable Containers.)

Nonrefillable container

(Note to reviewer. One of the following statements must be used for Nonrefillable Containers.)

Do not reuse or refill this container

OR

(Only if the label does not include household/residential use)

Do not reuse this container to hold materials other than pesticides or dilute pesticides (rinsate). After emptying and cleaning, it may be allowable to temporarily hold rinsate or other pesticide-related materials in the container. Contact your state regulatory agency to determine allowable practices in your state.

(Note to reviewer. One of the following statements must be used for Refillable Containers.)

Refillable Container. Refill this container with pesticide only. Do not reuse this container for any other purpose.

OR

Refillable Container. Refill this container with [this product] only. Do not reuse this container for any other purpose."

(Note to reviewer: If container is greater than one gallon, the following storage and disposal statements will be used:)

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage:

Do not store on side. Avoid creasing or impacting of side walls.

Pesticide Disposal:

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal:

[Insert statements from below.]

(Plastic Containers:) Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by incineration, or, if allowed by state and local authorities by burning. If burned, stay out of smoke.

(Metal Containers:) Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

(For Bag-in-Box Containers:) Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.

(Note to Reviewer: For Nonrefillable Containers.)

Nonrefillable container

(Note to reviewer. One of the following statements must be used for Nonrefillable Containers.)
