Subject: Label Notification for Pesticide Registration Notice 2007-4, Change to Warranty Statement (EPA Registration Number 47629-3)

Dear Mr. Mangiovi,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 and EPA's Warranty Statement Guidance Document dated August 20, 2008 for the product Woodstream Boric Acid Powder Formula #1 (EPA Registration Number 47629-3). The Registration Division (RD) has conducted its review of this request for its applicability under PRN 2007-4 and the Warranty Statement Guidance Document and finds that the label changes requested fall within the scope of PRN 2007-4 and the Warranty Statement Guidance Document. The label submitted with the application has been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please call me directly at 703-305-6249 or Steve Schaible of my staff at 703-308-9362.

Sincerely,

*Rachel C. Holloman*

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control cockroaches (German), ants, silverfish, spiders, and beetles: Shake well. Twist until open. Holding bottle at 45-degree angle, powder should flow freely when squeezed. For faster application, remove top. Apply liberally, scattering under and behind refrigerator, stove, sink, dishwasher, washing machine, dryers, wash tubs, around drains, water pipes, electrical conduits, cracks and crevices, along baseboards and corners of cabinets, and behind bedroom dresser and nightstand drawers.

Apply every 14 days, if necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets.

Do not use in edible product areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed. Avoid contamination of feed and foodstuffs.

This product may be used in homes, markets, schools, locker rooms, warehouses, factories, hotels, hospitals, garages and apartment buildings.

This package is sold by weight. Top of bottle is left empty so powder will dispense and flow freely from bottle when squeezed.

**STORAGE & DISPOSAL**

Do not contaminate water, food or feed by storage and disposal.

**STORAGE:** Store in a cool dry area away from heat or open flame and inaccessible to children.

**DISPOSAL: If empty:** Non-refillable container. Do not reuse or refill this container. Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency or 800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
