- c. Under "Selection of Areas to Treat," the sentence "After nice walk . . . hairs" is out of place in this section. A better spot for it would be after the first sentence under "Directions for Applications."
 - d. Under "Selection of Areas to Treat," add "for applying this product" or "for applying Ridall-Z Tracking Powder" between "places" and "include" in sentence "Good places . . . areas."
 - e. Results of efficacy tests submitted suggest adequate performance for this product. Please submit raw data sheets with all future efficacy studies.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

We have reviewed your acute oral toxicity test data and find it acceptable. These data have been assigned the accession number 251201.

We note that the storage stability test is in progress. Please submit the result as soon as it is completed. This registration action is conditional upon the submission of these data.
