CHLORINATING SOLUTION

ACTIVE INGREDIENT: SODIUM HYPOCHLORITE 5%
 INERT INGREDIENTS 95%

KEEP OUT OF REACH OF CHILDREN DANGER

FIRST AID: If on skin, wash with plenty of soap and water. If in eyes, flush with plenty of water for at least 15 minutes. Get Medical Attention. If swallowed, drink large quantities of milk or white gelatin solution or if not available, drink large quantities of water. Avoid Alcohol. Do not give vinegar or other acids. Get prompt Medical Attention. Do not induce vomiting. **Note to Physician:** Probable mucosal damage may contraindicate the use of gastric lavage.

INSTRUCTIONS FOR USE
GENERAL CLASSIFICATION
 It is a violation of federal law to use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR SWIMMING POOL CHLORINATION
 For pool or for spring start-up, superchlorinate with one (1) pint (16 fl. oz.) of sodium hypochlorite solution for each 2500 gallons of water. This dosage is equivalent to 5 ppm available chlorine.

FOR POOL MAINTENANCE:
 A) Adjust pool water pH to 7.6 - 7.2 range and maintain.
 B) Add manually or by a feeder device sodium hypochlorite solution at a rate to maintain an available chlorine residual of 0.6 to 1.0 ppm. One half pint (8 fl. oz.) of sodium hypochlorite solution for each 6000 gallons of water will provide 1.0 ppm available chlorine by weight. Frequency of additions to maintain 0.6 to 1.0 ppm available chlorine will depend on temperature and of number swimmers. Use test kit to determine the pH and chlorine residual in the proper range.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage as necessary, to obtain the required level.

STORAGE AND DISPOSAL: Do not contaminate Water, Food or Feeds by storage or disposal of cleaning of equipment.
STORAGE: Store in a cool, dry area away from direct sunlight.
PESTICIDE DISPOSAL: In case of spill, flood area with large quantities of water. Product or residue that cannot be used, should be diluted with water, and disposed of in a sanitary sewer.
CONTAINER DISPOSAL: Rinse empty container thoroughly with water and either return to manufacturer or discard by placing in trash collection, or burying in an approved land fill.
