

GENERAL INFORMATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Al-4 detergent disinfectant has been developed specifically for hospitals, nursing homes, schools, day care centers, and other institutions where housekeeping is of prime importance.

USE INSTRUCTIONS: To disinfect hard inanimate surfaces (such as walls, floors, table tops), apply solution with mop, cloth, brush, or mechanical sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes and then let air dry.

WATER: General Disinfection - add 2 ounces Al-4 per gallon of water. Hospital Disinfection - add 4 ounces Al-4 per gallon of water.

To disinfect toilet bowls, flush toilet, add 2 ounces Al-4 detergent disinfectant directly to the bowl water. Swab the bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.

For heavily soiled areas, a pre-cleaning step is required and recommended. Prepare a fresh solution for each use.

MILDEWSTAT: To control mold and mildew on hard non-porous surfaces (such as floors, walls, table tops), clean surface, then add 2 ounces Al-4 per gallon of water. Apply with a cloth, mop or sponge to surfaces to be treated making sure to wet thoroughly. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mildew growth reappears.

SANITIZATION: To sanitize previously cleaned and rinsed non-porous food contact surfaces, prepare 200ppm active quaternary Al-4 solution by adding 4 ounces Al-4 to 5 gallons of water.

To sanitize immobile items (such as tanks, clapping blocks, counter tops), flood the area with 200ppm Al-4 solution or apply with a cloth or sponge, making sure to wet all surfaces completely for at least 30 seconds. Let air dry. Prepare a fresh solution for each use.

To sanitize mobile items (such as drinking glasses, eating utensils) immerse in 200ppm Al-4 solution for at least 30 seconds, agitating to immerse completely. Remove and let air dry. Prepare a fresh solution daily, or more frequently as soil is apparent.

THE CAUTIONARY STATEMENTS
Hazard to Human and Domestic Animals
WARNING

Keep out of reach of children. Causes eye and skin irritation. Irritates in eyes, on skin or clothing. Harmful if swallowed.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink milk, egg white, or plain water, or if they are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN

Potable water always may control irritation. If a rash is severe, medical attention is required. If respiratory irritation and coughing may be needed.

ACTIVE INGREDIENTS

Aluminum Chloride 1.00%
Benzyl Ammonium Chloride 1.00%
Dihydroxyethyl Glycyl Ammonium Chloride 1.00%
Water 98.00%
