## PRECAUTIONARY STATEMENTS

## CAUTION

## HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Do not remain in treated areas and ventilate the area after treatment is completed. Avoid breathing vapor. Avoid contact with skin, eyes, or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Do not contaminate water, food, or foodstuffs. Remove all pets and birds. Cover fish tanks or remove before spraying.

In hospitals, remove patients from rooms prior to treatment. Keep rooms vacated for minimum of two hours and ventilate before patients are returned.

## ENVIRONMENTAL HAZARDS

This product is toxic to fish and birds. Keep out of lakes, streams, or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

**FOOD PROCESSING AREAS OF FOOD PLANTS.** Foods should be removed or covered during treatment. All food processing surfaces should be covered during treatment or thoroughly cleaned before using. When using this product as a space spray in these areas, apply only when the area is under operation.

## PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting.

Do not spray on plastic, painted or varnished surfaces or directly into any electronic equipment such as radios, televisions, computers, etc.

## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FLYING INSECTS:** Flies, Mosquitoes, Gnats, Wasps, Small Flying Moths, Fruit Flies. Close all windows and doors and direct fog upward at a rate of 1 to 2 seconds per 1000 cubic feet. Disperse in all directions. Keep area closed for 15 minutes.

**STORED PRODUCTS INSECTS:** Grain Weevils, Flour Beetles, Chocolate Moths, Drug Store Beetles, Clover Mites, Confused Flour Beetles, Grain Mites, Cheese Mites, Saw Toothed Grain Beetles, Rice Weevils, Red Flour Beetles in exposed adult and larvae stages.

Contact as many insects as possible when treating infested areas such as cracks, crevices, stored products, machinery and dark secluded areas. For Carpet Beetles, treat infested area of carpets, localized areas of floors, baseboards, and into cracks and under carpets where these pests may be found. Spray 10 to 20 seconds per 100 square feet of floor space. Repeat treatment weekly or as insects appear.

**ROACHES, SPIDERS, WATERBUGS, ANTS, SILVERFISH, CRICKETS:** Hold aerosol close to cracks and mist directly into them, contacting as many insects as possible. Apply freely in all possible hiding places behind baseboards, sinks, cabinets, coffee makers, meter boxes, man-holes. Repeat all treatments as necessary.

## CRACK AND CREVICE APPLICATION

Apply directly into cracks and crevices with snorkel tube supplied.

NOTE: Crack and crevice treatment is allowed at any time.

## STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.  
Storage: Store in cool, dry place away from heat or open flame.  
Disposal: Do not reuse empty container. Wrap container and put in trash collection.

HEARTLAND makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and handling of this material when such use and handling is contrary to label instructions.
