

Pig H 47834-45  
PKA 17  
2/1/2013

d. For the Product Chemistry please provide the following:

- (1) Statement of composition--Please provide a brief description of the formulation process.
- (2) Discussion of formation of unintentional ingredients--Please provide a description of impurities formed during the manufacturing process, in packaging or during storage. If you do not expect any impurities during these stages, please so state.
- (3) Certification of limits--Please provide the limits for the individually added inerts.
- (4) Storage stability--Please submit a reference or the stability study on your product. In this study, the formulated product is analyzed for its active ingredients at time zero and during a year of storage.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.**

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFSA sec. 3(c)(1)(A) provided that you:

1. Submit and, if date required for registration, registration of your product under FIFSA sec. 3(c)(1) and the Agency requires, all information of similar products to which it will apply.
2. Make the labeling changes indicated below for your product and submit the following:
  - a. Add the phrase "EPA Registration No. 2222-11."
  - b. On the front panel of your label delete the claim "... and for use on..."
  - c. In your Hazards to Humans paragraph, change the statement "Avoid inhalation and skin contact" to read "Avoid contact with eyes and clothing. Avoid breathing spray mist."
  - d. Revise your "Environmental Hazards" paragraph to read "This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not concentrate water by mechanical means. Do not use as waste."
