

DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

MIXING:

DO NOT use Check-Mate from damaged, punctured or unsealed containers.

Use piston, diaphragm or centrifugal pumps ONLY. DO NOT use roller or gear pumps as they will damage Check-Mate's controlled release system. Remove all screens before mixing and/or application.

Add Nalco-Trol[®] to the recommended amount of water (see METHODS OF APPLICATION) to make a 0.5% Nalco-Trol solution and agitate. Then add 2% Gelva[®] Sticker. Lastly add Check-Mate to the tank and mix thoroughly. For best results, apply immediately after mixing.

METHODS OF APPLICATION:

Ground Equipment: Apply Check-Mate in 5-15 gal water/acre. Apply to foliage directly over the top of every other row using 30-100 psi and FloodJet[®] nozzles, type TK 5 or larger.

Aerial Equipment: Apply Check-Mate in 3-10 gal water/acre. Apply to fields from a height of 10-30 feet using 30-150 psi and 4-6 FloodJet nozzles, type TK 5 to TK 30 OR without nozzles.

RINSE ALL EQUIPMENT WITH CLEAN WATER IMMEDIATELY AFTER APPLICATION TO REMOVE REMAINING STICKER.

COTTON:

To disrupt the mating of pink bollworm moths, apply 0.28 ounces (8 grams) of Check-Mate per acre. [Use one scoopfull (scoop enclosed) of product to treat 5 acres.] Begin applications at pinhead square stage. Reapply every 20 days or sooner, as needed, based on insect monitoring and field scouting programs.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

STORAGE: Store in a cool place until used. Freezing will extend product shelf life indefinitely.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility. Do not contaminate water when disposing of equipment washwaters.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

WARRANTY: CONSEP Membranes, Inc. warrants that this product conforms to the chemical description on the label. CONSEP Membranes, Inc. neither makes, nor authorizes any agent or representative to make any other warranty of fitness or of merchantability, guarantee or representation, express or implied, concerning this product. CONSEP Membranes, Inc.'s maximum liability for breach of this warranty shall not exceed the purchase price of this product. Buyer and User acknowledge and assume all risks and liability resulting from the handling, storage and use of this material, whether in accordance with directions or not.

NAME OF PESTICIDE PRODUCT

Wesley Copper Sulfate
Powder

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The following is a summary of the labeling changes accepted in connection with this registration:

1. Add the phrase "EPA Registration No. 47916-56" to the label of your product in the EPA section of the label. This is required for registrants of similar products to submit data.

2. Make the labeling changes listed below before you release the product for shipment:

- Add the phrase "EPA Registration No. 47916-56."
- The label must be revised by adding the statement "May cause skin sensitization in certain individuals" to the precautionary statements section prior to the release of this product into the channels of trade.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the Agency Handbook for a full description of final printed labeling.

☐ ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

artificial respiration, preferably mouth-to-mouth. Get medical
attention.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMEST

DANGER - PELIGRO

Corrosive, causes irreversible eye damage
on skin, or on clothing. Protective clothing
and rubber gloves, should be worn. Harm
inhaled, or absorbed through the skin.
Causes severe skin irritation. Wash the
water after handling. Remove contaminated
before reuse.

ENVIRONMENTAL HAZARD

This product is toxic to fish and aquatic
life. Do not apply directly to water except as directed
in the instructions section. Drift and runoff
may be hazardous to fish and aquatic organisms
in aquatic sites. Direct application of copper
may cause a significant reduction in populations of
invertebrates, plants and fish. Do not
of lake or pond at one time in order to
oxygen levels due to decaying vegetation
weeks between treatments for oxygen levels.

Trout and other species of fish may be harmed
at rates recommended on this label, especially
waters. However, fish toxicity generally
hardness of water increases.

Do not contaminate water by cleaning of
equipment or disposal of wastes. Consult your State Fish and
Game Commission before applying this product to public waters.
required before treating such waters.
