NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The product referred to above is conditionally registered in accordance with FIFRA Sec. 3(c)(7)(C) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Under the heading hazards to humans and domestic animals add the following: "Harmful if inhaled. Do not breathe spray mist. Do not get in eyes. In case of contact flush eyes with plenty of water. Get medical attention if irritation persists."
 - b. Add the phrase, "EPA Registration No. 48139-4."
3. Supply initial storage stability data with a letter of intent to submit all data when the study has been completed.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-7 column for a further description of final printed labeling.

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended, for the pesticide
registered under EPA Reg. No.

48139-4

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS & DOMESTIC ANIMALS
CAUTION

Avoid getting into eyes or on lips, to avoid temporary irritation. Do not light matches or expose skin or clothing to fire until alcohol has evaporated (approximately 10 minutes). May damage some plastics, varnished or painted surfaces. Do not use on Rayon or dynel. May be used on Nylon, Orlon, wool or cotton.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contains ethyl alcohol. Do not use near fire or open flame. Contents under pressure. Do not puncture or incinerate. Do not store in direct sunlight or in temperature in excess of 125°F.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For mosquitoes, sand flies and biting flies, apply to face and hands by spraying into hands and rubbing lightly onto exposed skin. Spray arms if exposed or spray clothing lightly. For chiggers, ticks, or fleas, spray clothing, shoes, socks, inside and outside of trouser cuffs and other clothing openings. Repeat as needed.

DEET*, diethyl-meta-toluamide, has shown superior repellency against mosquitoes. This effectiveness is in direct proportion to the percentage of DEET in the formulation.

STORAGE AND DISPOSAL

Do not contaminate water or food by storage. Do not re-use empty container. Wrap empty container and discard with trash.
