Invicta Clothing Insect
Repellent Kit

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Hilton Head Laboratories, Inc.
Route 1, Box 707
Ridgeland, South Carolina 29936

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No. 48139-11".
 - b. Change "Bite Armor" on the front panel to "Invicta Clothing Insect Repellent Kit".
 - c. Add "See back panel for additional precautions" to the front panel.

Signature of Approving Official:

George T. LaRocca, Product Manager 13

Date:

- d. Since this product formulation is Toxicity Category 4, you do not need the statement, "Precautionary Statements-Hazards to Humans and Domestic Animals".
 - e. Amend First Aid statements per PR Notice 2001-1. Because this is a toxicity category 4 product you may use the category 3 language. IF ON SKIN: Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
 - f. Cite or provide data to support use of this product against human body lice OR remove this pest from the label.
 - g. Under ENVIRONMENTAL HAZARDS, delete the second sentence.
 - h. The complete address for the company must be listed on the label.
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca

Back Label

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To be used for treatment of clothing and bed nets only. Make all applications outdoors.

BITE ARMOR KIT COMPONENTS: Zip Lock Treatment Bag, 6 oz bottle of Permethrin solution, Water Proof Gloves. One Kit will adequately treat 1 adult shirt; 1 adult trousers; 1 bed net.

When clothing is properly treated according to direction, BITE ARMOR INSECT REPELLENT CLOTHING TREATMENT will protect against bites from mosquitoes, ticks, chiggers, and human body lice

SHAKE WELL BEFORE USING: Application Procedure: Pour the entire contents of the bottle into the zip lock treatment bag provided with the kit. Place rolled up garment such as shirt or trousers or bed net into the bag and seal the zip lock closure. Shake bag to provide uniform coverage of garment. Let stand 2 hours or more. Wearing the water proof gloves provided with kit, unzip bag, remove garment and hang outdoors until dry (approximately 2-3 hours). When dry, garment is ready to wear. Follow standard laundering procedures. Clothing should be retreated after four weeks or after the sixth laundering to maintain adequate protection. Do Not Retreat clothing more than once every two weeks. Launder clothing at least once before retreating. For protection against Ticks (including those which may carry Lyme disease, chiggers, and mosquitoes, apply product as directed. For further protection, use in conjunction with an insect repellent registered for direct application to the skin and utilize the following primary preventive measures. Avoid areas where pests are found, wear appropriate clothing (light-colored, long sleeved shirt and long pants tucked into socks) and inspect body daily for ticks. Pant cuffs should be worn inside socks or footwear to ensure full protection against ticks and chiggers. Do Not Apply to clothing while it is being worn

CAUTION: DO NOT TREAT UNDERWEAR, HATS, CAPS, OR INNER CLOTHING. Under no circumstances should the skin or clothing on the body be treated. Wash thoroughly after handling liquid container or wet treated articles and before eating or smoking. Avoid contamination of feed and foodstuffs. Do not use on humans. Do not allow children or pets to contact wet treated clothing until dry. Do not use indoors. Users should wear water proof gloves provided with kit during application to reduce exposure.

ENVIRONMENTAL HAZARD: This pesticide is toxic to fish. Do not apply directly to water, to areas where water is present or to intertidal areas below the high water mark. Do not contaminate water when disposing of equipment wash waters.

FIRST AID:

- * If on Skin: Rinse immediately with plenty of water for 15-20 minutes. Get medical attention if irritation persists
- * If Swallowed: Call a poison control center or doctor immediately for treatment advice.
- * If in Eyes: Flush eyes with plenty of water for 15-20 minutes. Get medical attention if irritation persists.

QUESTIONS: 800-838-9110

STORAGE AND DISPOSAL: Do not store below 32 Deg F. Do not reuse empty treatment bags or other kit components. Wrap all used components in several layers of newspaper and discard in trash.
