DIRECTIONS FOR USE

5000

It is a violation of Federal law to use this product in a manner inconsistent with

This product may be applied at any time of the year, except when the frozen. Best results are obtained after vegetation has emerged, in late spr ly summer. Use power sprayers, compressed air hand sprayers, or a sprinkling can. No dilution or agitation is required.

To control most weeds on non-cropland areas, such as: parking lots, fe railroad sidings and storage yards, spray at the rate of 1 to 2 gallons for square feet. It produces rapid top kill of all succutent vegetation. Translo root absorption of component herbicides produce extensive root kill of v provide long term residual control.

This product is a liquid, non-selective, persistent, general herbicide design where control of all vegetation is desired. It is recommended for nonsuch as fence rows, parking lots, around buildings, loading ramps, stor tank farms, along pipelines, industrial plant sites and other similar ar grasses and weeds interfere with drainage, create a fire hazard or cause appearance.

This liquid weed killer is composed of 5-bromo-3-s methyluracil (bromacil) and a low volatile 2, 4-D ester in a phytotoxic oil. rier combines the properties of low volatility with rapid penetration and tion in the plant. The insolubility of the herbicide in water assures regardless of rainfall after application or stage growth at the time of ap

Do not apply this liquid to areas where the roots of desirable plants such ornamentals will come into contact with it as injury might result. Do lawns, driveways, walks or similar areas. Avoid spray drift to susceptible this product may injure cotton, beans, peas, etc. Do not contaminate water or irrigation water and keep from contact with fertilizers, in fungicides and seeds. Vapors from this product may injure susceptible p immediate vicinity. Coarse sprays are less likely to drift.

Thoroughly clean all traces of product from application equipment in after use. Use a suitable chemical cleaner, then wash with detergent and clear water. Do not contaminate water sources by cleaning of equipment of wastes.
