**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**WARNING**  
Causes substantial but temporary eye injury. Harmful if swallowed, inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing vapor or spray mist. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

**STATEMENTS OF PRACTICAL TREATMENT**

If in eyes: Flush eyes with plenty of water. Call a physician if irritation persists.  
If swallowed: Call a physician or Poison Control Center. Give water if conscious. May present aspiration hazard. DO NOT induce vomiting.  
If on skin: Wash with plenty of soap and water. Get medical advice.  
If inhaled: Remove victim to fresh air.

**Notes to Physician**

If swallowed, lavage stomach, taking care to avoid aspiration of stomach contents into the lungs.

**ENVIRONMENTAL HAZARDS**

Do not use on slopes or in areas where runoff is likely to occur (apply only to level surfaces). Do not contaminate water used for irrigation or domestic purposes. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not contaminate water when disposing of equipment waste water. Apply this product only as specified on this label.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use, pour, spill, or store near heat or open flame.

**STORAGE AND DISPOSAL**

DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the hazardous waste representative at the nearest EPA Regional Office for guidance.

Do not reuse empty container. Triple rinse empty container with water. Return metal cans to reconditioner or purchaser and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed by local authorities, by burning. If burned, stay out of smoke.

(If container is 1 gallon or less, use this container disposal statement: Do not reuse empty container. Rinse thoroughly before discarding in trash.)

**DIRECTIONS FOR USE AND CONDITIONS OF SALE AND WARRANTY**

**IMPORTANT:** Read the entire Directions for Use and the Conditions of Sale and Warranty before using this product.

**CONDITIONS OF SALE AND WARRANTY**

The Directions for Use of this product reflect the opinion of experts based on field use and tests. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of manufacturer or the Seller. All such risk, shall be assumed by the Buyer.

**LIQUI-CIDE 2.5%**

**Liquid Vegetation Killer**

For total vegetation control

Prevents plant growth for up to one year.

One gallon covers up to 800 square feet

Active Ingredient:  
Prometon; 2, 4-bis  
(isopropylamino)-  
6-methoxy-s-  
triazine . . . . . 2.5%

Inert  
Ingredients\*: 97.5%  
Total: 100.0%

\*Contains petroleum distillates

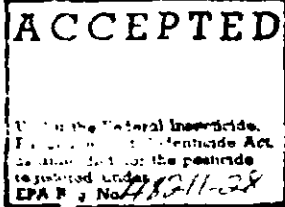

EPA Reg. No. 40211

Pramitol 2.5% contains 0.25 lbs. of prometon per gallon.

Keep Out of Reach of Children.

**WARNING**

SEE LEFT PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

**INTERCON CHEMICAL COMPANY**  
3647 BELL AVENUE • ST. LOUIS, MISSOURI 63108

Manufacturer warrants that this product conforms to the chemical label and is reasonably fit for the purposes referred to in the label, subject to the inherent risks referred to above. **GENERAL INFORMATION**

For total weed control on certain areas around the home, the business where no plant growth is desired, use as specified in label directions. Controls bindweed, common milkweed, and other hard-to-kill weeds. Prevents plant growth for up to one year.

This liquid vegetation killer is a nonselective product intended for use with water, or an appropriate oil, or other approved carrier. For bare ground or when weed growth is just starting. Weeds taller than 1 foot before treatment or it may be necessary to make a second application. Vegetation control in driveways, brick walks, paths, patios, parking along fences and curbs, around buildings, or under gravelled paths has come through these surfaces.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner in labeling.

For control of Annual and susceptible perennial weeds such as downy woodpecker, quackgrass, puncturevine, goldenrod, and plattain. To add 1-1/2 pts. by use of a sprinkling can or other watering or sufficient water to get good coverage of the area (e.g., 2 1/2 gals. if for control of hard-to-kill perennial broadleaf and grass weeds such as johnsongrass as well as the biennials common milkweed and wild carrot in sufficient water to get good coverage. Different grades of mineral petroleum-based oil, fuel oil, or kerosene may be substituted for water.

When using sprinkling can, triple rinse and pour rinsate on area treatment is completed. Mix only the quantity needed and use immediately. Late solution once container is opened. To minimize lateral movement with a watering can or similar sprinkler device immediately after use.

**PRECAUTIONS:** (1) Apply when air is calm to avoid the possibility of drifting onto desirable plants or grass. (2) Keep away from the roots of desirable plants. (3) Use only in areas where complete control of all vegetation is desired. LIQUID VEGETATION KILLER SHOULD NOT BE USED ON CULTIVATED AREAS, OR TO BE CULTIVATED, IN GREENHOUSES, OR NEAR THE TRIP LINE OF TREES OR NOT USE ON SLOPES OR IN AREAS WHERE RUNOFF IS LIKELY TO OCCUR (apply only on level surfaces). (4) Avoid using when adjacent desirable trees, shrubs, or plants are injured from leaching of the chemical through the soil. (5) Keep children off treated areas until these areas are dry.
