

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND  
DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed. Avoid breathing and avoid contact with skin. Wash thoroughly after handling. Avoid contamination of food or foodstuffs.

NOTE TO PHYSICIAN—Malathion causes cholinesterase inhibition. Atropine is antidotal.

**ENVIRONMENTAL HAZARDS**

This pesticide is toxic to aquatic invertebrates and aquatic life stages of amphibians. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in a National Pollution Discharge Elimination Systems (NPDES) permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or the Regional Office of EPA.

**STORAGE AND DISPOSAL**

- DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL.
- DO NOT STORE CONTAINER ON ITS SIDE.

**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law and may contaminate groundwater. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Do not reuse empty container. Triple rinse empty container with water. Return metal drums to reconditioner or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities. Plastic containers may be disposed of in a sanitary landfill, incinerated or, if allowed, by local authorities, by burning. If burned, stay out of smoke.

(If container is 1 gallon size, use this container disposal statement: Do not reuse empty container. Rinse thoroughly before discarding in trash.)

FOR USE AROUND MUNICIPALITIES, PARKS, GOLF COURSES, AND OUTDOOR THEATRES. KILLS FLIES, GNATS, AND MOSQUITOES. THIS PRODUCT IS DESIGNED FOR USE IN FOGGING EQUIPMENT AND IS INTENDED FOR OUTDOOR USE.

**DIRECTIONS:**

IT IS A VIOLATION OF FEDERAL LAW TO USE A PESTICIDE IN A MANNER INCONSISTENT WITH ITS LABELING.

This product is toxic to fish. Keep out of any body of water. Do not apply when weather conditions favor drift from areas treated. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

Dilute with fuel oil or kerosene-type petroleum distillate. Highly concentrated. Use in fogging equipment. Apply shortly before using the area to be treated. For best results, spray when there is little or no breeze. Designed for dilution at the rate of 15 parts oil to 1 part MUNI-FOG. It is recommended that only the amount of diluted product be prepared from the concentrate that will be used immediately. Agitate thoroughly before use.

**USE:**

After dilution, fog MUNI-FOG in outside areas—Municipalities, Parks, Golf Courses, Outdoor Theatres—at the rate of approximately two gallons per acre, by completely covering area being sprayed with visible fog.

**WARRANTY:**

Seller makes no warranty, express or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
