DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

DISINFECTION—To disinfect hard inanimate surfaces (such as walls, floors, table tops), add 2 ounces G.G. CLEANER detergent/disinfectant per gallon of water. Apply solution with mop, cloth, or sponge or mechanical sprayer so as to wet thoroughly. Allow to remain wet for 10 minutes and then let air dry.

To disinfect toilet bowls, flush toilet, add 2 ounces G.G. CLEANER detergent/disinfectant directly to the toilet water. Swab the bowl completely using a scrub brush or toilet mop, making sure to get under the rim. Let stand for 10 minutes and flush.

For heavily soiled areas, a pre-cleaning step is required and recommended. Prepare a fresh solution for each use.

MILDEWSTAT—To control mold and mildew on pre-cleaned, hard non-porous surfaces (such as floors, walls, table tops) add 2 ounces G.G. CLEANER per gallon of water. Apply solution with a cloth, mop, or sponge making sure to wet all surfaces completely. Let air dry. Prepare a fresh solution for each use. Repeat application at weekly intervals or when mildew growth reappears.

NOT REVIEWED

In Accordance with FR Notice 82-2, 12/19/83
 Based on Draft Labeling

PRECAUTIONARY STATEMENTS—Hazard to Human and Domestic Animals

DANGER: Keep Out of Reach of Children. Causes severe eye and skin damage. Do not get in eyes, skin or on clothing. Harmful if swallowed. Wear goggles or face shield and rubber gloves when handling. Avoid contamination of food. Remove and wash contaminated clothing.

STATEMENT OF PRACTICAL TREATMENT: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash all contaminated clothing before reuse. If swallowed, drink egg whites, gelatin solution or if these are not available, drink large quantities of water. Call a physician.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measure against circulatory shock, respiratory depression and convulsion may be needed.

G.G. CLEANER is a phosphate free concentrated detergent/disinfectant. G.G. CLEANER detergent/disinfectant is used in schools, food processing plants and other institutions where cross contamination is a concern.

G.G. CLEANER when diluted at the rate of 2 ounces per gallon of water kills *Pseudomonas aeruginosa* and meets all requirements to be used to disinfect inanimate hard surfaces such as wall and bed frames. For larger areas such as operating rooms, post both general cleaning and disinfecting.

In addition, G.G. CLEANER deodorizes these areas where odors are present, empty garbage bins and cans, toilet bowls and urinals.

<i>Pseudomonas aeruginosa</i> PRD-10	<i>Streptococcus</i>
<i>Escherichia coli</i>	<i>Shigella dys</i>
<i>Klebsiella pneumoniae</i>	<i>Salmonella</i>
<i>Brevibacterium araneus/insolens</i>	<i>Salmonella</i>

At this level the product is also fungicidal against the *Virucidal* activity. The product when used on skin exhibits effective virucidal activity against influenza A₂-Asian agent of fever blisters and mononucleosis, adenovirus 1 virus (representative of the pox virus group).

Efficacy tests have demonstrated that G.G. CLEANER is effective on organic soil (5% blood serum).

STORAGE:

PRECAUTIONS: Do not contaminate water, food or feed by spillage. **PESTICIDE DISPOSAL:** Wastes resulting from the use of this product should be disposed of by other procedures approved by state and local authorities or conditioning, or incineration and disposal in a sanitary facility if burned, stay out of smelter.

GENERAL: Consult local, state, or federal authorities for a **STORAGE:** Keep container closed when not in use.

NOTICE: The manufacturer and seller warrant that this product meets the label when used in accordance with directions and **OR FITNESS FOR A PARTICULAR PURPOSE**, express or implied under abnormal conditions not reasonably foreseeable to seller.

KEEP OUT OF REACH OF CHILDREN

DANGER

See side panel for additional precautionary statements and Statement of Practical Treatment.

G.G. CLEANER is a phosphate free concentrated detergent/disinfectant which provides effective cleaning, deodorizing, disinfection. G.G. CLEANER detergent/disinfectant has been designed specifically for hospital use in homes, schools, food processing plants and other institutions where housekeeping is of prime importance in controlling the hazard of cross contamination.

G.G. CLEANER when diluted at the rate of 2 ounces per gallon of water is an effective disinfectant against the organism *Pseudomonas aeruginosa* and meets all requirements for hospital use. When used as directed, G.G. CLEANER is formulated to disinfect inanimate hard surfaces such as walls, floors, sink tops, toilet bowls, tubs, chairs, telephones and bed frames. For larger areas such as operating rooms, patient care facilities and restrooms, the product is designed to provide both general cleaning and disinfecting.

In addition, G.G. CLEANER deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, toilet bowls and any other areas which are prone to odors caused by microorganisms. **DISINFECTION:** At 2 ounces per gallon dilution, G.G. CLEANER exhibits effective disinfectant activity against the following:

<i>Pseudomonas aeruginosa</i> PRD-10	<i>Streptococcus faecalis</i>	<i>Streptococcus salivarius</i>
<i>Escherichia coli</i>	<i>Shigella dysenteriae</i>	<i>Enterobacter aerogenes</i>
<i>Klebsiella pneumoniae</i>	<i>Salmonella schottmulleri</i>	<i>Staphylococcus aureus</i>
<i>Brevibacterium ammonigenus</i>	<i>Salmonella choleraesuis</i>	

At this level the product is also fungicidal against the pathogenic fungi, *Trichophyton men tagrophytes*.

Virucidal* Activity: The product when used on environmental inanimate hard surfaces at 2 ounces per gallon of water exhibits effective virucidal* activity against Influenza A₂-Asian (representative of the common flu virus), Herpes simplex (causative agent of fever blisters and mononucleosis), adenovirus type 2 (causative agent of upper respiratory infections), and Vaccinia virus (representative of the pox virus group).

Efficacy tests have demonstrated that G.G. CLEANER is an effective bactericide, fungicide, and virucide* in the presence of organic soil (5% blood serum).

STORAGE & DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal.
PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: Metal Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or purchase and use by other procedures approved by state and local authorities. Plastic Containers: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or purchase and dispose of in a sanitary landfill, or incineration, or if allowed by state and local authorities, by burning. If burned, stay out of smoke.
GENERAL: Consult local, state, or federal authorities for approved alternative procedures.
STORAGE: Keep container closed when not in use.

NOTICE: The manufacturer and seller warrant that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty of MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions not reasonably foreseeable to seller and buyer assumes the risk of any such uses.
