**PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.**

**Directions for Pools:** For pool water that has never been treated or when refilling pool, add **RAM STABILIZER** following package directions. An alternative method for start-up would be to add 11 ozs. of **RAM GRANULAR** per 10,000 gallons of water as a shock dose to satisfy the chlorine demand of water. This dose should be repeated until a chlorine residual of 1-2 ppm is obtained. Then a dosage of 1.5-2.0 ozs. per 10,000 gallons of water (1 teaspoon per 1,000 gallons) should be added daily or as needed to maintain a 1-2 ppm chlorine residual. Use a good test kit at least once a day and add sufficient **RAM GRANULAR** to maintain a residual of 1-2 ppm. PH must be maintained at 7.2-7.8. Frequency of application will depend upon number of people swimming, water temperature and other conditions.

**SUPERCHLORINATION:** At least once a week and at times of great use, an extra quantity in the amount of 11 Ozs. per 10,000 gallons of **RAM GRANULAR** should be added to help keep water sparkling clean.

**Reentry into treated swimming pool/spas is prohibited above levels of 3 ppm of chlorine.**

**HOW TO FIGURE POOL GALLONAGE**

(All measurement are in feet)

 **RECTANGULAR:** Full Length x Full Width x Avg. Depth x 7.5=Gallons

 **CIRCULAR:** Diameter x Diameter x Avg. Depth x 5.9=Gallons

 **OVAL:** Avg. Length x Avg. Width x Avg. Depth x 5.9=Gallons

**STORAGE AND DISPOSAL:** Do not contaminate water, food, or feed by storage and disposal.

**Pesticide Storage and Disposal:** Keep product in tightly closed container when not in use. Store in a cool, dry, well ventilated area away from heat or open flame. Moisture may decompose this product and cause a violent reaction leading to fire and explosion. In case of decomposition, isolate container, if possible, and flood with large amount of water to dissolve all material before discarding.

**Container Disposal:** Do not reuse container. Rinse container thoroughly before discarding in trash. Wrap in paper and place in trash collection or dispose in approved landfill area.
