FIRST AID: If on skin, wash with plenty of soap and water. If in eyes, flush with water for at least 15 minutes. Get medical attention if required. Drink large quantities of water, or obtain medical attention if needed. Do not induce vomiting. Drink large quantities of water. Do not give emetics or other acids. Do not induce vomiting. Get prompt medical attention.

DIRECTIONS FOR USE: GENERAL CLASSIFICATION

It is a chlorine solution. Do not use this product in a manner inconsistent with its labeling.

DIRECTIONS FOR SWIMMING POOL CHLORINATION:
For a new pool or for spring start-up, superchlorinate with one (1) pint (16 fl. oz.) of sodium hypochlorite solution for each 2500 gallons of water. This dosage is equivalent to 3 ppm available chlorine by weight.

FOR POOL MAINTENANCE:
A) Adjust pool water pH to 7.2 - 7.8 range and maintain.
B) Add regularly of 1/2 to 1/4 gallon of sodium hypochlorite solution as a rule to maintain an available chlorine residual of 1.0 to 1.5 ppm. One half pint (8 fl. oz.) of sodium hypochlorite solution for each 6000 gallons of water will provide 1.0 ppm available chlorine by weight. Frequency of adding to maintain 1.0 to 1.5 ppm available chlorine will depend on temperature and of number swimmers. Use test kit to maintain the pH and chlorine residual in the proper range.

NOTE: This product degrades with age. Use a chlorine test kit and increase dosage as necessary to obtain the required level of available chlorine.

STORAGE AND DISPOSAL: Do not store in metal. For use in lead by the user or dealer of chlorinated equipment.

PESTICIDE DISPOSAL: In case of spill, flush to the sewer with plenty of water. Product in original container should be disposed with water and disposed of as a white liquid.

CONTAINER DISPOSAL: Recycle, reuse, or dispose through a waste and other return to manufacturer or dealer by filling with water or other liquid to prevent leakage and fire.

Under the provisions of the Federal Insecticide, Fungicide, and Rodenticide Act, this pesticide is registered under EPA Reg. No. 48439-1.
