CHLORINE FREE SANITIZER

ACTIVE INGREDIENT:

Poly (iminoimidocarbonyliminoimidocarbonylimino
 xamethylene) hydrochloride20.0%
 OTHER INGREDIENTS:80.0%
 TOTAL100.0%

NOT COMPATIBLE WITH CHLORINE
 OR BROMINE BASED PRODUCTS
 CAN BE USED SAFELY WITH BAQUACIL
 AND SOFTSWIM™ NON-CHLORINE SANITIZERS

**KEEP OUT OF REACH OF CHILDREN
 DANGER**

See back panel for additional precautionary statements.

Net Contents: **64** Fl. Ounces (1.89 L)

FIRST AID

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. **IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. 24-hour Emergency Hotline for Technical Assistance and MSDS 1-800-633-8253

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or clothing. Wear goggles or face shield and use rubber gloves when handling. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. May be fatal if swallowed. Remove contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and aquatic organisms.

DIRECTIONS FOR USE:

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

CHLORINE FREE SANITIZER is a powerful cationic polymeric sanitizer which enables you to sanitize your pool without chlorine or bromine. When used as directed, your pool will stay bacteria and algae free. This product is designed to be used with the Puracil System.

TREATING THE POOL:

Pools Previously Treated with Chlorinating Chemicals:
CHLORINE FREE SANITIZER IS INCOMPATIBLE WITH CHLORINATING CHEMICAL PRODUCTS.

Consult your authorized dealer of **CHLORINE FREE SANITIZER** for information on balancing your pool water. Check with chlorine test kit for free and combined chlorine prior to the beginning of neutralization. To destroy chlorine, add **Phoenix Chlor Gone** per label directions or add 1 gallon of **PURASHOCK** (27% hydrogen peroxide) per 10,000 gallons of pool water. Filter overnight. Check with chlorine test kit. If free chlorine is detected, repeat neutralizer treatment.

INITIAL DOSE:

Freshly Filled and Dechlorinated Pools: Backwash or clean pool filter. Check pH; adjust to 7.2 - 7.8 if necessary. Add 1/2 "shlo" of this product to 10,000 gallons of pool water to achieve a concentration of 50 ppm. After 24 hours check pH and concentration with the test kit and adjust if necessary.

MAINTENANCE DOSE:

Normal Pool Routine:

Every week, check concentration and pH. Maintain concentration at about 50 ppm. Add at the rate of 1 pint (16 oz.) per 10,000 gallons of water to raise the concentration 10 ppm. The level should not drop below 30 ppm.

PROBLEM SOLVING AND SUPPLEMENT POOL INFORMATION:

NOTE: THIS PRODUCT AND CHLORINE ARE INCOMPATIBLE. Do not use in freestanding spas/hot tubs. Do not use in unpainted plaster pools previously exposed to metals which may cause staining. **CHLORINE FREE SANITIZER** is not compatible with many detergents and some supplemental algaecides (such as copper based).

STORAGE AND DISPOSAL:

Keep container closed when not in use. Store in original container in an area inaccessible to children. In case of a leak or a spill, soak up with an absorbent, such as sand, earth, or sawdust, and shovel into waste container. Remove waste to chemical waste area, and dispose of in accordance with local regulations. **PESTICIDE DISPOSAL:** To dispose of excess product, securely wrap original container in several layers of newspaper and discard in trash. **CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse this container to hold materials other than pesticides or dilute pesticides (rinsate). After emptying and cleaning, it may be allowable to temporarily hold rinsate or other pesticide-related materials in the container. Contact your state regulatory agency to determine allowable practices in your state.

PROTECT FROM FREEZING.
