Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Adding ABN

Product Name: CU 3.5 ALGAECIDE

Admin Number: 48520-25 EPA Receipt Date: 02/06/2025 Action Case Number: 00643535

Dear David Oliver:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

The alternate brand name: Fixx It! Complete Care Algaecide has been added to the registration. Our records have been updated accordingly.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Terria Northern via email at northern.terria@epa.gov. Sincerely,

Terria Morthern

Terria Northern, RM Team 34 RMB2, AD Office of Pesticide Programs

[Kills Black, Green, Mustard and Red Algae]

[Algaecide]

[Non-Foaming]

[For controlling mustard algae growth in swimming pools]

[Prevents all types of algae]

[Fast-acting Treatment]

[Long-Lasting Treatment]

[Easy to use, Swim Immediately]

(Single Treatment lasts 3 months)

[Lasts 3 months]

[Non-Staining Formula]

NOTIFICATION

48520-25

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

02/11/2025

KEEP OUT OF REACH OF CHILDREN CAUTION

[See [side] [back] panel for [First Aid and] additional precautionary statements.]

ACTIVE INGREDIENT:

 Copper triethanolamine complex*
 11.72%

 INERT INGREDIENTS
 88.28%

 TOTAL
 100.00%

*metallic copper equivalent, 3.50%

Contains 0.33 lbs of elemental copper per gallon

NET CONTENTS: [16 fl oz] EPA No: 48520-25

[32 fl oz] EPA Est. No: [48520-CT-002]

[48520-CT-001]

[MANUFACTURED BY:] [DISTRIBUTED BY:]

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses if present after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth to mouth if possible. Call a poison control center or doctor for further treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

Have the product container or label with you when calling a poison control center or doctor or when going for treatment.

[For emergency information on this product, call the National Pesticides Information Center at 1-800-858-7378, 6:30 AM to 4:30 PM Pacific time (PT), seven days a week. During other times, call the poison control center 1-800-222-1222.]

[24-hour Emergency Hotline for Technical Assistance and MSDS 1-800-633-8253]

[See [Back] [Side] panel for additional precautionary statements.]

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Harmful if swallowed, absorbed through the skin or inhaled. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated

clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish and aquatic organisms.

PHYSICAL AND CHEMICAL HAZARDS: Do not mix with any other chemicals. Do not use in pools where minerals present a problem.

{Additional optional product description/marketing statements}

[CU 3.5 under field conditions, has been shown to be effective in controlling a broad range of algae, including mustard and black algae. [The triethanolamine complex used in this product prevents the precipitation of the copper with the carbonates or bicarbonates in water.]

DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

This product is made especially to control algae growth in all types of swimming pools. Its long-lasting action will control existing algae. Subsequent doses will control recontamination by algae. Treated water can be used immediately ...no waiting.

This product comes concentrated. Dilute with at least five parts of water before applying. Pour required amount of this product into plastic watering can, fill with water and sprinkle around edge of pool. Apply initial treatment to a freshly filled pool or at first visible signs of algae growth. Reapply using a maintenance dose every 4 weeks to help prevent recontamination by algae. This product is not compatible with non chlorine pools/Baquacil pools.

[This product involves no waiting. Swim immediately after treatment.]

IDILUTION CHART FOR SWIMMING POOLS

Pool Capacity	Initial Treatment	Maintenance Dose
5,000 gal.	4 fl. oz.	2 fl. oz.
10,000 gal.	8 fl. oz.	4 fl. oz.
20,000 gal.	16 fl. oz.	8 fl. oz.

]

{For extended use products}

IDOSAGE RATES:

EVERY THREE MONTHS: 14 fl. oz. of this product

per 10,000 gallons pool water will prevent algae growth in all pool types.

SEVERE ALGAE TREATMENT: Use 28 fl. oz. of this product per 10,000 gallons pool water.]

[GENERAL DIRECTIONS:

- 1. Maintain pool water in the pH range 7.2 to 7.8. Adjust pH to 7.2 for severe algae.
- 2. Ensure that filtration system is working properly and that filtration cycle is adequate.
- 3. A regular brushing program will assist in the removal of stubborn algae.
- 4. Calculate the volume of algaecide required for your pool.
- 5. Add the diluted product directly to the pool, distributing over as wide an area as possible.
- 6. While this product controls algae, it is important that adequate levels of sanitizers (chlorine) be maintained to control bacterial growth.]

{Optional winter use directions.}

[WINTER DIRECTIONS: Use 8 fl.oz. for 10,000 gallons of pool water. Pour the required amount into a plastic watering can, fill with water, and sprinkle the diluted product around the edge of pool. For best results, the mixture must be distributed equally around the edge of the pool.

Add this product to your pool prior to closing. During the winter season check pool periodically for visible signs of algae and reapply this product if necessary.]

DISCHARGE DIRECTIONS FOR [COMMERCIAL] AND [RESIDENTIAL] POOL USES:

Before draining a treated pool contact your local sanitary sewer and storm drain authorities and follow their discharge instructions. Do not discharge treated pool or spa water to any location that flows to a gutter, storm drain or natural water body unless discharge is allowed by state and local authorities.

STORAGE AND DISPOSAL:

{For residential pools}

[Do not contaminate water, food or feed by storage or disposal.

STORAGE: Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store away from food and feedstuffs.

PESTICIDE DISPOSAL and CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. If empty: Offer for recycling or wrap securely

in several layers of newspaper and discard in trash. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.]

{For commercial pools}

[Do not contaminate food or feed by storage or disposal.

PESTICIDE STORAGE: Keep this product in original, tightly closed container in an area inaccessible to children and persons unfamiliar with its use. Store away from food and feedstuffs.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product must be disposed of onsite or at an approved waste facility.

CONTAINER DISPOSAL: Nonrefillable container. Do not reuse or refill this container. Triple rinse (or equivalent). Then offer for recycling, if available. If not, dispose of container in a sanitary landfill.]
