OFFICE OF PESTICIDES PROGRAMS
REGISTRATION DIVISION (75-761)
WASHINGTON, DC 20460

EPA REGISTRATION NO.

48941-13

DATE OF ISSUANCE

October 19, 1987

TERM OF ISSUANCE

Until Reregistration

NAME OF PESTICIDE PRODUCT

SL-676 Residual Insecticide
with Propoxur

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Sunbelt Laboratories, Chemical Specialties
P.O. Box 31818
Houston, TX 77231

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 48941-13."
 - b. A 1-year storage stability study must be submitted for the product. This study must be submitted within 15 months from the date of this Registration Notice.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

Dennis H. Edwards

DATE

10/19/87

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Dennis H. Edwards, Jr.
Product Manager (12)
Insecticide-Rodenticide Branch
Registration Division (TS-767C)

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

RESTRICTIONS: Since this is a water suspension material, do not apply to rugs, carpets, draperies, wallpaper, or similar materials that may be stained or watermarked.

INDOORS: Pest control in and around homes, apartment buildings, stores and warehouses:

Apply as a residual spray, hitting as many insects as possible, to baseboards, window frames, the under sides of shelves and drawers, under sinks and stove and to other places where insects may hide. Also spray cracks, crevices and surfaces where insects may crawl when they come out of hiding. For ants, spray trails and places where ants enter premises. Repeat as necessary.

Do not spray foodstuffs or house plants. Do not use as a space spray. Provide adequate ventilation of area being treated. Do not allow children to contact treated surfaces until surfaces are completely dry. Pest control in meat packing and food processing plants, food storage areas, restaurants, and other food handling establishments (places other than private residences in which exposed food is held, processed, prepared or served).

NON-FOOD AREAS: Includes garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

FOOD AREAS: Limited to crack and crevice treatment only-- Apply a small amount of material as a pin-thin stream directly into cracks and crevices such as expansion joints between different elements of construction or between equipment bases and the floor, wall voids, or hollow equipment legs where the insects noted above hide. Do not use this product in conduits, motor housings and electrical switch boxes.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AREAS OF FOOD HANDLING ESTABLISHMENTS OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

Spraying unloading docks and outside areas where insects congregate will aid in preventing reinfestations. Good sanitation and proper disposal of wastes is essential in any effective insect control program.

Pest control in animal research facilities: The use of this product in and around research animal quarters for pest control will not induce changes in liver microsomal enzyme activity in these animals.

SL 676

RESIDUAL INSECTICIDE W/PR

An insecticide offering good flush residual kill of cockroaches for 2

FOR RESIDUAL CONTROL OF ANTS, COCKROACHES, CLOVER MITES, CRICKETS, EARWIGS, FLEAS, HOUSEFLIES, HORNETS, MILLIPEDES, SAW-TOOTH SCORPIONS, SILVERFISH (Firebrats), SOLE, BROWN DOG TICKS, AND WASPS.

activity and 3 weeks. WHEES (Water bugs), outdoors), Mosquito (outdoors), 50 GRAIN BEETLES (Exposed stage), 55 (Pill bugs), SPIDERS,

Under the Fungicide as a registered under EPA Reg. 48941-13

RESIDUAL SPRAY for ants, cockroaches, earwigs, house flies, hornets, millipedes, mosquitoes, spiders, crickets, clover mites, fleas, scorpions, sowbugs, brown dog ticks, wasps, and water-bugs. Apply as a residual spray hitting as many insects as possible or with a paint brush to surfaces of buildings, porches, screens, window frames, patios, and garages where these insects congregate. For control of wasps and hornets, apply after dark when all of the insects have returned to the nest. Repeat as necessary. Do not treat plants (lawns, flowering plants, shrubs, trees, etc.) with this product.

WARRANTY STATEMENT

Our recommendations for use of this product are based upon tests believed to be reliable. The use of this product being beyond the control of the manufacturer, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with the directions or established safe practice. The buyer must assume all responsibility including injury or damage, resulting from its misuse as such, or in combination with other materials.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS
CAUTION**

Harmful if inhaled. Avoid breathing vapors or spray mist. Avoid contact with skin, eyes, clothing and goggles. Do not use as a space spray. Provide adequate ventilation of area treated. Do not apply to animals or humans. Do not use on food crops. Do not use in or around barns or other houses for fly control. In food handling areas, application is limited to cleaning and crevice treatment. Do not apply directly to food or feedstuffs. In commercial food handling facilities, cover or remove any food or food processing equipment during application. Do not apply while food processing is underway. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Do not allow children or pets to contact treated surfaces until spray has dried. Remove pets and cover fish bowls (tanks) before spraying.

If inhaled: Remove to fresh air. Get medical attention if symptomatic.

NOTE TO PHYSICIAN: Atropine sulfate is antidotal only if symptoms of cholinesterase inhibition are present.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds and other wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on the label.

PHYSICAL AND CHEMICAL HAZARDS

Contents under pressure. Do not puncture or incinerate container. Do not use or store near heat or open flame. Exposure to temperatures above 130°F may cause bursting. Do not spray on plastic, painted or varnished surfaces or directly into any electronic equipment such as radios, televisions, computers, etc. Do not apply this water-based product in conduits, meter housings, junction and switch boxes, or other electrical equipment because of possible shock hazard. Do not use on surfaces that can be harmed or stained by water.

locked storage area. In a cool place away from heat and cold.
PESTICIDE DISPOSAL: For Containers Over One Gallon: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
CONTAINER DISPOSAL: For Containers One Gallon and Under: Do not reuse empty container. Wrap container and put in trash.
For Containers Over One Gallon: Triple rinse (or equivalent). Then offer for recycling
