48963-2

DATE OF ISSUANCE

13 OCT 1987

TERM OF ISSUANCE

NAME OF PESTICIDE PRODUCT

Bio Slime Retardant

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Cascade Chemicals, Inc.
16081 SE Evelyn Street
Clackamas, OR 97015

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/date all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 48963-2."

b. Delete the word "Flammable" below the signal word "Danger."

The flammability statement should be placed under the "Physical and Chemical Hazards" heading. The flammability statement should be:

Flammable. Keep away from heat and open flame.

DIRECTION FOR USE

It is a violation of Federal Law to use this Product in Manner Inconsistent with its labeling.

1. Using BIO-SLIME Retardant for the first time, be sure to clean the wash tanks and rails thoroughly.

2. Drain wash tanks and close drain valves.
3. Using a 50-100 bottle, squirt BIO-SLIME RETARDANT over top roller if roller is wet, and down the sides and corners of empty wash tank.

IMPORTANT - use 20 ml per gallon wash tank capacity.

4. Refill but do not overflow wash tanks.
5. Turn on drive for 20 minutes or if leader belt, let sit for 10 minutes.
6. Turn on water and overflow for 20 minutes.
7. Drain tanks and complete regular shutdown.

IMPORTANT

FOR MAXIMUM EFFECTIVENESS, BIO-SLIME RETARDANT MUST BE APPLIED ONCE A WEEK.

BE SURE TO CLOSE THE CONTAINER AFTER EACH USE.

USE ONLY WITH ADEQUATE VENTILATION

KEEP OUT OF THE REACH OF CHILDREN

STORAGE AND DISPOSAL

STORAGE

BIO-SLIME RETARDANT contains Methanol (METHYL ALCOHOL) a FLAMMABLE solvent. It should be stored in a cool, dry, well-ventilated, and if possible fireproof area, away from sources of heat, open flame or ignition. No smoking is allowed in areas of storage of BIO-SLIME RETARDANT.

DISPOSAL

Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instruction, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance.
