

Cross-contamination is of major housekeeping concern not only in hospitals, but in schools, institutions, and industry. **Ev-cide 44** has been formulated to aid in the reduction of cross-contamination in these areas

Ev-cide 44 is a one-step disinfectant cleaner that is effective against a broad spectrum of bacteria, is virucidal, fungicidal, and will prevent the growth of mold and mildew and their odors when used as directed

Ev-cide 44 is an effective one-step sanitizer-cleaner for use on non-food contact surfaces

When used as directed, **ev-cide 44** will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors

Precautionary Statements

Hazards to Humans and domestic animals

DANGER

Keep out of reach of children. Corrosive. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

STORAGE AND DISPOSAL

- DO NOT CONTAMINATE WATER, FOOD, OR FEED BY STORAGE OR DISPOSAL
- OPEN DUMPING IS PROHIBITED
- DO NOT REUSE EMPTY CONTAINER

PESTICIDE DISPOSAL

PESTICIDE SPRAY MIXTURE OR RINSE WATER THAT CANNOT BE USED ACCORDING TO LABEL INSTRUCTIONS MUST BE DISPOSED OF ACCORDING TO FEDERAL OR APPROVED STATE PROCEDURES UNDER THE TITLE OF THE RESOURCE CONSERVATION AND RECOVERY ACT

CONTAINER DISPOSAL

TRIPLE RINSE (OR EQUIVALENT) THEN OVER FOR RECYCLING OR REUSE OR DESTROY IN A SANITARY LANDFILL OR BY INCINERATION IN A CLOSURE STATE AND LOCAL AUTHORITIES

GENERAL

CONSULT FEDERAL, STATE OR LOCAL DISPOSAL AUTHORITY FOR APPROVED ALTERNATIVE PROCEDURES

EV-CIDE 44

**Disinfectant-Cleaner-Sanitizer-Fungicide
Mildewstat-Virucide*-Deodorizer
for Hospitals, Institutional and Industrial Use**

Effective in hard water up to 400 ppm hardness (calculated as CaCO₃) in the presence of 5% serum contamination

Active Ingredients

Octyl decyl dimethyl ammonium chloride	1.650%
Dioctyl dimethyl ammonium chloride	0.825%
Didecyl dimethyl ammonium chloride	0.825%
Alkyl (C ₁₄ , 50%; C ₁₂ , 40%; C ₁₆ , 10%) dimethyl benzyl ammonium chloride	2.200%

Inert Ingredients

94.500%
100.000%

KEEP OUT OF REACH OF CHILDREN

DANGER

Statement of Practical Treatment

In case of contact, immediately flush eyes or skin with plenty of water, for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

Directions for Use

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Ev-cide 44 is a proven, one-step disinfectant-cleanser, sanitizer, fungicide, mildewstat, virucide which is effective in water up to 400 ppm hardness in the presence of 5% serum contamination.

Apply **ev-cide 44** to walls, floors and other hard (inanimate) non-porous surfaces such as tables, chairs, countertops, sinks, tile, porcelain, and bed frames with a cloth, mop or mechanical spray device as thoroughly as possible. For heavily soiled areas a preliminary cleaning is required. Prepare a fresh solution daily or when the solution becomes visibly dirty.

Disinfection - To disinfect hard non-porous surfaces in hospitals add 2 oz per gallon of water. Treated surfaces must remain wet for 10 minutes. At 1 1/2 oz per gallon of water, **ev-cide 44** will disinfect hard non-porous surfaces in school, industry and non-medical institutions.

2 oz per gallon use level - **Ev-cide 44** has been evaluated in the presence of 5% serum and 400 ppm hard water by the AOAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by:

- Pseudomonas aeruginosa*
- Staphylococcus aureus*
- Salmonella choleraesuis*
- Escherichia coli*
- Streptococcus pyogenes*
- Klebsiella pneumoniae*
- Enterobacter aerogenes*
- Streptococcus faecalis*
- Shigella dysenteriae*
- Brevibacterium ammoniagenes*
- Salmonella typhi*
- Serratia marcescens*

For schools, industry and non-medical/institution use: At 1 1/2 oz per gallon of water, **Ev-cide 44** delivers excellent cleaning and germicidal effectiveness. It is effective against *Staphylococcus aureus*, *Salmonella choleraesuis*, *Escherichia coli* and *Serratia marcescens*. The same AOAC tests used to confirm performance for hospitals were used.

Ev-cide 44 is an effective fungicide against *Trichophyton mentagrophytes* (the athlete's foot fungus) when used on surfaces, mats, shoes, chest drawers, dress ingrooms, showers, and bath areas, exercise facilities, etc. at 2 oz per gallon.

Mold and Mildew Control - At 1 1/2 oz per gallon, **Ev-cide 44** will effectively inhibit the growth of mold and mildew and the odors caused by them when applied to hard non-porous surfaces as indicated in general instructions above. Allow to dry on surface and repeat when mildew growth returns.

Microbial Polishing - At 1 1/2 oz per gallon use level, **Ev-cide 44** evaluated at 200 ppm hardness is effective in the presence of 5% serum and 400 ppm hardness against the following viruses: Influenza A, B, and C; Herpes; and Varicella zoster virus (environmental).

Sanitizing Non-Food Contact Surfaces (such as floors, walls, tubs, etc.) At 1 1/2 oz per gallon use level, **Ev-cide 44** is an effective sanitizer against *Staphylococcus aureus* and *Escherichia coli*. The same AOAC tests used to confirm performance for hospitals were used. Treated surfaces must remain wet for 10 minutes.
