

Cross-contamination is of major concern not only in hospitals but in schools, institutions, and industry. Germicide Concentrate has been formulated to aid in the reduction of cross-contamination in these areas.

**Germicide Concentrate** is a powerful disinfectant cleaner that is effective against a broad spectrum of bacteria, is virucidal, fungicidal, and will prevent the growth of mold and mildew and their odors when used as directed. **Germicide Concentrate** is an effective one-step sanitizer-cleaner for use on non-food contact surfaces.

When used as directed, **Germicide Conc.** will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans, and other storage areas, and other places where bacterial growth can cause mal odors.

**Precautionary Statements**

**Hazards to Humans and domestic animals**

**Directions for Use**

**GENERAL CLASSIFICATION**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling **Evergreen Germicide Concentrate**

is a proven one-step disinfectant-cleaner-sanitizer-fungicide-mildewstat-virucide which is effective in water up to 400 ppm hardness in the presence of 5% serum contamination.

**Application:** In walls, floors and other hard (non-porous) surfaces such as tables, chairs, countertops, sinks, tile, porcelain, and bedframes with a cloth, mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas, a preliminary cleaning is required. Prepare a fresh solution after use so that bactericidal activity is maintained.

**Disinfection:** To disinfect hard non-porous surfaces add 1/2 cup/gallon of water. Treated surfaces must remain wet for 15 minutes. The activity of **Germicide** has been evaluated in the presence of 5% serum and 400 ppm hardness by the AOAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by:

- Pseudomonas aeruginosa*
- Staphylococcus aureus*
- Staphylococcus chromaeus*
- Escherichia coli*
- Streptococcus pyogenes*
- Streptococcus pneumoniae*
- Enterobacter aerogenes*
- Staphylococcus saprophyticus*
- Streptococcus faecalis*
- Staphylococcus epidermidis*
- Staphylococcus typhi*
- Staphylococcus aureus*

**Evergreen Germicide Concentrate**

is an effective fungicide which will inhibit mold and mildew on surfaces such as athletic shoes, clothing, towels, shower and bath areas, exercise equipment, etc.

**Mold and Mildew Control:** **Germicide** will inhibit mold and mildew on surfaces such as athletic shoes, clothing, towels, shower and bath areas, exercise equipment, etc.

**Fungicidal Performance:** **Germicide** will inhibit mold and mildew on surfaces such as athletic shoes, clothing, towels, shower and bath areas, exercise equipment, etc.

**Sanitizing Non-Food Contact Surfaces (such as floors, walls, tables, etc.):** **Germicide** is an effective sanitizer against a broad spectrum of gram negative and gram positive organisms as represented by:
