### USE DIRECTIONS

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

**FOR GENERAL DISINFECTION** of hard, non-porous inanimate surfaces (glass, metal, plastic, glazed porcelain, linoleum, tile, leather, vinyl, enamel and finished wood surfaces) on walls, floors, appliances and furnishings in industrial and commercial offices, restrooms and work areas.

**CLEANING AND DEODORIZING.** Whenever practical, flush away gross soils with water. For cleaning and deodorizing, use 5 to 8 ounces of SPRINT per gallon of water. Cleaning may be accomplished with a clean mop, sponge, squeegee, wet vacuum system, or a mechanical spraying device. After cleaning remove suspended soils with a clear water rinse, vacuum pick up or by wiping with a clean mop, sponge, squeegee or cloth.

**DISINFECTING.** Before disinfecting, preclean surfaces as directed above. Then, prepare 5 ounces of SPRINT per gallon of water and thoroughly wet the surfaces to be disinfected. The disinfecting solution must contact the surface for 10 minutes for proper disinfection. If soiled, the soils should then be diluted with clear water or wiped with a clean damp cloth.

SPRINT is also an excellent deodorant. It is especially effective in controlling odors that are bacterial in origin.

SPRINT mixes readily with water and makes a clear stable solution. In use dilution it is non-corrosive and non-staining to plastic, vinyl, synthetics, enamel, tile and most common metals. Has a pleasant mint odor.

SPRINT may be used through automatic floor scrubbing equipment.

This product must not be used on food contact surfaces.

**DISPOSAL:** Do not reuse empty container. Wrap container and put in trash collection.

PRECAUTIONS  
HAZARD  
AND DANGERS

Causes eye damage and skin or on clothing. Wear gloves when handling. Hazardous to food. Avoid breathing.

PHYSICAL AND CHEMICAL: Avoid contact with heat or open flame.

ENVIRONMENTAL HAZARD: Do not discharge into lakes or streams unless in accordance with local regulations.

PRACTICAL TREATMENT: Immediately flush eyes for at least 15 minutes. For eye wash contaminated clothing, wash promptly a large quantity of water. Avoid contact with skin.

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 50533-1."
- b. Delete the statement: GENERAL CLASSIFICATION.
- c. Revise the statement:

Hazardous to Humans....  
to read:  
Hazard to Humans....
