	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input checked="" type="checkbox"/> REGISTRATION <input type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)	NAME OF PESTICIDE PRODUCT	
	SPRITF	

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Formula Corporation
 2383 S. 200th St.
 Seattle, WA 98188

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

- The following conditions apply to products registered in accordance with FIFRA sec. 3(c)(1)(A) provided that you:
1. Submit and/or cite all data required for registration (reregistration) of your product under FIFRA sec. 3(c)(1) when the Agency requires all registrants of similar products to submit such data.
 2. Add the phrase "EPA Registration No. 49292-10" to your label before you release the product for shipment.
 3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.
- A copy of your proposed label with our acceptance stamp is included with this registration with the understanding that you will comply with the conditions in the attachment to the registration notice.

JUL 31 1985

Under the Federal Insecticide,
Fungicide, and Rodenticide Act
as amended for the pesticide
registered under EPA Reg. No.
49292-10

SPRITE SANITIZER

SPRITE Sanitizer is recommended for use on hard (non-porous) surfaces or on dishes, glasses or food processing equipment or utensils including dairy and brewery equipment and utensils.

ACTIVE INGREDIENT

Sodium Dichloro-s-triazinetrione Dihydrate	25%
Inert ingredients	75%

Provides 14% available chlorine

DIRECTIONS

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Prepare a sanitizing solution by dissolving 1 ounce or 2 ounces of SPRITE SANITIZER per 10 gallons of water. This gives a solution containing 100 ppm or 200 ppm available chlorine respectively. Clean and rinse item or surface prior to sanitizing. Then place dishes, glasses, equipment or utensils in the solution or spread it over the surface to be sanitized. Let stand 2-5 minutes and then wipe excess away. Rinse items and surfaces with potable water prior to use.

The same solution should be used in the feed tank in immersion or spray type machines providing 2-5 minutes contact time for sanitizing dishes, glasses, food processing equipment and utensils. Clean and rinse items prior to sanitizing. After sanitizing step, rinse well with potable water and dry. The items are then ready for use.

The sanitizing solution should be used promptly after mixing. If the solution is allowed to stand or is reused and tests show the level of chlorine has not been maintained, additional SPRITE SANITIZER should be added to maintain a minimum concentration of 100 ppm available chlorine.

KEEP OUT OF REACH OF CHILDREN

DANGER

FOR INDUSTRIAL AND INSTITUTIONAL USE ONLY

PRACTICAL TREATMENT FIRST AID

If swallowed: Feed bread soaked in milk followed by olive or cooking oil. Call a physician immediately. If on skin: brush off excess chemical and flush skin with cold water for at least 15 minutes. Irritation persists, get medical attention.

If in eyes: Flush with cold water for at least 15 minutes. Get medical attention.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER Highly corrosive. Causes skin and eye damage. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds or public waters unless in accordance with an NPDES permit. For guidance contact your regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS

Strong oxidizing agent. Mix only with water. Use clean utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to fire or explosion. Contamination with moisture, organic matter or other chemicals may start a chemical reaction with generation of heat, generation of hazardous gases and possible generation of fire explosion. In case of contamination or decomposition do not reuse container. If possible isolate container in open air or well-ventilated area. Flood with large volume of water if necessary.

STORAGE AND DISPOSAL

Keep product dry in tightly closed containers when not in use. Store in cool, dry, well-ventilated area away from heat or open flame. In case of decomposition isolate container if possible and flood with large amounts of water to dissolve all material before discarding. Place in trash collection or dispose in approved area or bury in a safe place.
